

TO: John Hawkins, Chairman
Indiana Fire Prevention and Building Safety Commission

FROM: Jason Larrison, AIA, Director

DATE: August 1, 2017

SUBJECT: Plan Review for Design Release

Indiana Code 22-13-2-4.1(d) allows the commission to certify a city, town, or county to perform a plan review for a design release. The City of Indianapolis Department of Business and Neighborhood Services is requesting certification to perform plan review by the commission. I am a registered architect with the State of Indiana and have under my direction staff and consultants with a combination of professional licenses and International Code Council certifications.
