**Commissioner Hoggatt made the following motion:**

**Pursuant to Indiana Code 10-19-7-5 (d), I make a motion to the Emergency Medical Services Commission to affirm the appointment of the State Emergency Medical Director Dr. Michael A. Kaufmann by Indiana Department of Homeland Security Executive Director Bryan Langley. The motion was seconded by Commissioner Mackey. The motion was approved.**

**HONORARY CERTIFICATION**

Mr. Jason Smith read into record the following honorary certification request:

Dear EMS Commission Members,

I, Adam Hoskins, Manager of Emergency Medical Services at Columbus Regional Hospital, do hereby request that Jerry Durham be considered for an Honorary Paramedic Certification. After dedicating 40 years to EMS, Jerry will retire on March 29, 2018.

In 1978, Jerry obtained his Emergency Medical Technician Certification and started volunteering his time with Athens Ambulance Service in 1980. While working full-time at Cummins, Jerry continued to advance his EMS career, becoming a Paramedic in 1995.

In 2002, Jerry retired from Cummins, where he was instrumental in the development of their first Emergency Response Team. Since his initial retirement, Jerry has dedicated the last 16 years to EMS working as a Paramedic, Primary Instructor, CPR Instructor, ACLS Instructor, and PALS Instructor for Columbus Regional Hospital.

Over the last 40 years, Jerry has touched the lives of countless patients, their family members, students, and area first responders. Please consider Jerry Durham for this great honor. He has dedicated his life to EMS, the advancement of pre-hospital patient care, and educating the next generation of Emergency Responders.

Respectfully,

Adam W Hoskins

Manager of Emergency Medical Services

Columbus Regional Hospital

**A motion was made by Commissioner Zartman to approve the honorary certification. The motion was seconded by Commissioner Valentine. The motion passed.**

**State Fire Marshal James Greeson addressed the Commission and thanked them for approving the appointment of Dr. Michael Kaufmann.**

## **INDIANA DEPARTMENT OF HEALTH**

Mrs. Katie Hokanson asked that the Commission approve Elkhart General Hospital to be "in the process" level III trauma center.

**A motion was made by Commissioner Valentine to approve the request with the clarification that Elkhart General Hospital is "in the process". The motion was seconded by Commissioner Mackey. The motion was approved.**

Mrs. Hokanson reported that the EMS Medical Directors conference is coming up on April 27<sup>th</sup>. There have been 106 rural first responders apply for the Naloxone kits. If there are any rural first responders that need Naloxone kits please contact Mrs. Hokanson at [khokanson@isdh.in.gov](mailto:khokanson@isdh.in.gov).

## **EMS FOR CHILDREN**

Ms. Margo Knefelkamp reported that a few days ago they received word that they were awarded grant money to continue the program. IEMSC is working on identifying EMS agency based IEMSC coordinators. They are still taking nominations for the 7<sup>th</sup> annual pediatrics awards.

## **TECHNICAL ADVISORY COMMITTEE (TAC)**

Chairman of the TAC Leon Bell reported that the TAC did meet and discussed several topics. They will have a meeting next month.

## **INDIANA EMERGENCY MEDICAL SERVICES ASSOCIATION (IEMSA)**

Mr. Tom Fentress reported that at their last meeting they secured the location for their office. Their next meeting will be April 26<sup>th</sup>. Their annual meeting will be June 22<sup>nd</sup> and this will be a voting meeting. They are working on the conference for this year.

## **INDIANA FIRE CHIEFS ASSOCIATION**

Mr. Douglas Randall the co – chair of the EMS Section reported that the Fire Chiefs is wanting to get more involved in EMS in Indiana again. Mr. Randall stated that one of the objectives that they association wants to look at is patient safety. Mr. Randall is working with Dr. Kaufmann on this program. They are working towards a culture of safety "boot camp" tentatively set for October.

## **EMS EDUCATION WORKING GROUP**

Mr. Jeff Quinn reported that they set up work groups to look at instructor course for all three disciplines, the training manual, and mentoring low performing training institutions. Their next meeting is at FDIC on April 26<sup>th</sup>.

House bill 1119 added to the POST will give Physicians Assistance the ability to sign the POST form have passed and are waiting on the Governor's signature. There have been a few changes to the suicide prevention bill, there is a bill going through to set up a public safety memorial, and there is a bill going to study group regarding diabetes through the Health Department that EMS may get involved with.

- c. Current ongoing studies

- a. Superior Ambulance reciprocity process pilot study

- i. Mr. George Schulp reported on the progress of the study. There is an extension request in the packet but will put it on hold until the discussion is held regarding the reciprocity process changes late in the meeting.

- b. CPAP use at the BLS level

- i. Mr. Chris McFarland reported everything is still in the process. Will have a report next meeting.

### SUB COMMITTEE REPORTS

- A. Suicide Prevention work group

- a. Mr. Mikel Fort reported that there is some information included in the Commission packet for the Commission member review. The group is working on an Indiana training program. Mr. Fort is working with Dr. Kaufmann to come up with a template for providers to use for protocols and training. Chairman Turpen thanked Mr. Fort and the rest of the district managers for their passion and work they have completed on the tasks they were given.

- B. Stroke work group

- a. Mr. Stan Frank reported that there has been a template for Medical Directors to use. More will be brought to the next meeting.
- C. Air Ambulance work group
  - a. No update for this meeting at this time.

## ASSIGNMENTS

### a. Past Assignments

#### 1. Reciprocity process

Commissioner Zartman reported that the work group met and worked on the Commission assignment. Commissioner Zartman gave the background information on the reason for creating a different reciprocity process. This process is for paramedics that are coming from another state but not from an accredited training institution or are otherwise ineligible to take the National Registry Paramedic written and practical exams.

A motion was made by Commissioner Zartman to accept the following process for candidates that have not completed an accredited training program that wish to obtain Indiana Reciprocity (Paramedic) to become eligible for Indiana State Licensure. Indiana reciprocity candidates not eligible to obtain full National Registry testing requirements. Those candidates that wish to obtain Indiana licensure as a paramedic, not able to meet the full testing requirements of the National Registry of EMT's, must successfully complete the entry requirements listed below:

- Take, pass and submit results of the National Registry "Assessment Examination to IDHS
- Submit a certificate of successful completion from the employment agency on the following elements listed below verifying successful completion of:
  - Current (AHA) or equivalent ACLS validation within one year
  - Current (AHA) CPR (Healthcare Provider) or equivalent within one year
  - Current PHTLS/ITLS course within one year
  - Current PALS/EPC or equivalent pediatric course within one year.
  - EMT-P Skills validation of Competency covering:
    - BLS/ALS Airway Management
    - Cardiac Rhythm's and treatment modalities
    - Bandaging and Splinting
    - Medical Scenario (conducted by the employer) – Utilizing the NR (OOH) Out of Hospital evaluation form.
      - Adult
      - Pediatric
  - Validation Signature of Medical Director
  - Verification Signature of Supervising Hospital Official

All documents are to be submitted to IDHS for processing of licensure.

Discussion followed. The motion was seconded by Commissioner Valentine. The motion was approved. The question was asked how it would be determined what equivalent course is. Commissioner Zartman stated that Mr. Tony Pagano would determine if it is equivalent. Legal Counsel Michelle Allen after discussion stated that anyone entering this process will need to request a waiver since it is not currently in the rules.

After further discussion a motion was made by Commissioner Zartman to withdrawal the Superior Ambulance pilot study with the passing of the new reciprocity process. The people that are already in the process in the pilot program will be able to complete the process. The motion was seconded by Commissioner Mackey. The motion passed.

2. Pa, NP Nurse Bridge program

Commissioner Bowman offered the following proposal: If you recall, at the January 18, 2018 meeting of the EMS Commission, a proposal was made by a PA to allow for PA's to challenge the paramedic exam(s) as an attempt to become a Paramedic licensed by the State of Indiana. Currently the Indiana administrative code (836 IAC 4-9-2) is summarized as below. Registered nurse can challenge the paramedic course if the meet the following: Indiana RN, Indiana EMT, Document 1 year experience in emergency department or flight nurse, Hold ACLS and CPR certification, The RN may then attempt to test out of paramedic modules completed prior to beginning of that module in a current paramedic training program. The proposal is to determine if a similar pathway could be attempted by a PA (physician assistant) or an advanced practice nurse/nurse practitioner (NP). My thoughts are below: Continue RN bridge but add an appropriate pediatric course and neonatal course (PALS, ENPC, NRP) and add an appropriate trauma course (ATLS, ITLS, PHTLS, TNCC) to the list of required certifications, Add PA bridge with the following caveats, Must be an Indiana EMT, Must be a PA with at least 1 year documented/current ED experience, PA with addition of Emergency Medicine Specialty Exam, Similar courses (ACLS, CPR, pediatric, neonatal, trauma) certifications, Add NP bridge with the following caveats, Must be an Indiana EMT, Must be an NP with at least 1 year documented/current ED experience, If ACNP (acute care) or AGACNP (adult geriatric acute care) no further advanced practice certification is required, If FNP (family Nurse Practitioner) must also obtain either ACNP/AGACNP or ENP to obtain critical care skills. Similar courses (ACLS, CPR, pediatric, neonatal, trauma) certifications.

Discussion followed the reading of Commissioner Bowman's proposal.

**A motion was made by Commissioner Zartman to table the proposal until the May meeting to have time to clarify the process. The motion was seconded by Commissioner Hoggatt. The motion passed.**

**A motion was made by Commissioner Hoggatt to accept the non-final order for J. Goldberg. The motion was seconded by Commissioner Valentine. The motion passed.**

**STAFF REPORTS**

- A. Data Report – Ms. Robin Stump reported that the state has been Nemesis compliant for 3 months now. There will be an Image Trend training in district 6. We are at 44% of provider organizations reporting.
- B. Operations Report – Ms. Robin Stump reminded everyone to get their applications in that expire on April 1<sup>st</sup>.
- C. Compliance Report- Mrs. Candice Pope reported the following:

**Administrative Orders:**

- 12 orders issued since the last meeting
- 2 letters of reprimand
- 2 one year probation
- 7 two year probations
- 1 revocation

**Letters:**

- 16 violation letters sent since the last meeting
- 2 audit letters sent since the last meeting
- 15 testing letters sent since the last meeting

Audits as of 3/14/2018

44 - Reviewed

26 – Cleared

16 – Rejected

Mrs. Pope reminded everyone to only renew their highest level of certification. If a person has EMR, PI, EVOC, EVOC instructor, and AEMT on their record along with a Paramedic license those have to be renewed separately. Have your continuing education paperwork filled out and signed before you renew on line. Mrs. Pope talked about the staff getting the investigation and administrative orders policies written and signed. Mrs. Pope announced that the violation statement is now electronic and embedded in the EMS courses.

D. Certifications report – (see attachment #2)

## EMS Training Report to Indiana EMS Commission March 15, 2018

I am sorry I could not be with you today, but I wanted to pass on some of the solutions we are attempting to come up with to solve the issue with low EMT scores on the National Registry Exam.

As you can see by the report not all institutions are doing poorly and in fact a few are outstanding. We are trying to garner information from those that are doing a great job and share it with those that are struggling. We have already been in contact with those institutions that have scored less than a 70% average since July 1, which is when the NREMT was mandated as the Indiana EMT examination. The email just advised the training program manager that their program did not meet the standard set by the Commission. We also sent out atta-boys to those programs who showed excellence. We have 1 program with 14 out of 14 passing the EMT exam since July 1: Congratulations to the EMS education staff at St Mary's Medical Center in Hobart.

We want to help those programs who are under performing to do a better job; here are a few of the steps staff, along with other educators, have started to put in place:

1. Notify training institution officials their courses are not meeting EMS Commission standards
2. Set up a mentor program with successful programs working alongside those who are not as successful. We already have 2 mentorships in place.
3. The High School and Career Center educators have already started planning a June workshop to continue the work they started last year.
4. In conjunction with the Indiana Primary Instructor Working Group, hold a PI workshop for the sole purpose of helping instructors raise their student's certification exam scores. This will take place at the IERC in September.
5. Start doing site visits to those programs that appear to be under performing to provide them with necessary help and ideas to improve their product. An evaluation tool is already in the works and training for site visitors will start soon.

We in no way intend our efforts to be punitive, we just want to improve Indiana EMS education. If the Commission has further guidance or suggestions please let us know.
