None

Contents

Pursuant to the authority granted by Indiana Code § 22-4-10-1, Indiana's Unemployment Insurance Board (UI Board), when schedule "A" of IC § 22-4-11-3 is in effect, may accelerate unemployment insurance (UI) tax payments. When the UI Board determines that UI tax payments should be accelerated under the conditions set forth in the law, each subject employer will be notified by regular mail not less than thirty (30) calendar days prior to the date the accelerated, UI tax contribution is due. The employer will estimate the amount of the accelerated tax payment based on its projection of its estimated payroll for the accelerated quarter and will remit that amount in whole, or in a percentage of the whole, as determined by the UI Board.

Any amount of the estimated, accelerated payment, which exceeds the amount of tax actually owed by any employer for the quarter to which the acceleration applies will not be refunded to that employer, but will be applied as a credit against that employer's future liability for UI tax.

If the amount of estimated, accelerated tax is less than that amount actually owed by any employer for the quarter to which the acceleration applies, the difference between the estimated tax paid and the actual tax owed will be paid at the time the tax is normally due for the quarter of the accelerated payment.

IDWD will enforce accelerated contributions in the same manner as regular UI tax contributions.
