**Reminder: 2019-2022 Indiana State Plan on Aging public comment dates and locations**  
May 14, 2018

Under the federal Older Americans Act of 1965, as amended, Indiana Family and Social Services Administration’s Division of Aging is required to submit a State Plan on Aging to the Administration for Community Living for the planning and tracking of activities in the state relating to older adults. The draft of the 2019-2022 Indiana State Plan is [available by clicking here](#).

This month, as we celebrate Older Americans Month with the theme of “Engage at Every Age,” we hope to engage and hear from everyone interested in Indiana’s plans to support the older population over the next four years. Assuring we accommodate as many people as possible, the division is hosting three regional events, one with a webinar option, to connect with stakeholders for the State Plan and to allow people to come and share their feedback personally.
