

# AMHH & MRO Service Comparisons

This guide provides a comparison of the service unit allowances for the initial packages for Adult Mental Health Habilitation (AMHH) and Medicaid Rehabilitative Option (MRO). It is meant to serve as a supportive companion as you develop the most appropriate, person-centered care plan for your client. Both programs offer a Prior Authorization option that allows additional units to be requested, if necessary for the care of the client.

**NOTE:** Initial unit allowances for AMHH services are equivalent across all qualifying ANSA scores; for MRO services, unit allowances that differ depending on ANSA/LON will be specifically denoted.

## AMHH

### Adult Day Services

#### Unit Definition

A “half-day” unit minimum of three hours to a

#### Unit Maximum

Two “half-day” units per day, up to five days per week\*

### Supported Community Engagement

### Who Can Provide It?

A licensed physician

An AHCP

A licensed registered nurse

An LPN

A medical assistant who has graduated from a two-year clinical program

# AMHH Service Maximums

This guide provides a simple overview of the services a member of the AMHH program has access to upon assignment of a package. Keep in mind that the service limits described in this guide denotes only the initial package - if a member reaches their unit maximums, agencies are able to submit Prior Authorizations (PA) through DARMHA to request additional service units for the eligibility period.

## Adult Day Services

### What Is It?

A community-based, non-residential program designed to provide health, wellness, social, and therapeutic activities in a structured, supportive environment to help member meet their needs and goals identified in the IICP.

### What's a Unit?

Adult Day Units are measured in "half-days." A single "half-day" unit is defined as a minimum of three hours to a maximum of five hours per day. Two units are defined as more than five hours with a maximum of eight hours per day.

### What's the Unit Maximum?

A maximum of two half-day units per day is allowed up to five days per week.

### What Are the Modifiers?

N/A

## Supported Community Engagement

### What Is It?

Services that engage the member in meaningful community involvement in activities such as volunteerism or community service. Services are aimed at the general result of community engagement.

### What's a Unit?

A unit of Supported Community Engagement is defined in 15-minute increments

### What's the Unit Maximum?

A maximum of 18 hours per month - a total of 72 units - is afforded in the initial package

### What Are the Modifiers?

N/A

**NOTE:** For all services with modifications, maximums are defined across all modifications.

## Care Coordination

### What Is It?

Care coordination consists of services that help recipients gain access to needed medical, social, educational, and other services. This includes direct assistance in gaining access to services, coordination of care, oversight of the entire case, and linkage to appropriate services.

### What's a Unit?

A unit of Care Coordination is defined in 15-minute increments

### What's the Unit Maximum?

A maximum of 400 hours per year - a total of 1,600 units - is afforded in the initial package

### What Are the Modifiers?

**N/A**

## Respite Care

### What Is It?

Short-term services provided to recipients who are (1) unable to care for themselves and (2) living with a non-professional, unpaid caregiver in the absence of the non-professional caregiver.

### What's a Unit?

A unit of Respite Care can be defined either in 15-minute increments or per diem (Eight to 24 hours)

### What's the Unit Maximum?

15-minute Unit	Up to seven hours per day (28 units) for a maximum of 75 hours per year (300 units)
Per Diem	Up to 14 consecutive days for a maximum of 28 days per year

### What Are the Modifiers?

**N/A**

## HCB Habilitation and Support

### What Is It?

Face-to-face services directed at the health, safety and welfare of the member and assisting in the management, adaptation and/or retention of skills necessary to support member's ability to live successfully in the most integrated setting appropriate to the member's needs.

### What's the Unit Maximum?

A maximum of six hours per day (24 units)

### What's a Unit?

A unit of HCB Habilitation and Support is defined in 15-minute increments

### What Are the Modifiers?

Setting Type	Recipient
Individual Setting	Member
	Family w/ Member
	Family w/o Member
Group Setting	Member
	Family w/ Member
	Family w/o Member

## Therapy and Behavioral Support

### What Is It?

A series of time-limited, structured, face-to-face sessions delivered in non-clinic settings that work toward the goals identified in the IICP of the AMHH member.

### What's the Unit Maximum?

A maximum of 75 hours per year (300 units) for individual and group

### What's a Unit?

A unit of Therapy and Behavioral Support is defined in 15-minute increments

### What Are the Modifiers?

Setting Type	Recipient
Individual Setting (75 hours)	Member
	Family w/ Member
	Family w/o Member
Group Setting (75 hours)	Member
	Family w/ Member
	Family w/o Member

**NOTE:** For all services with modifications, maximums are defined **across all modifications.**

# Addiction Counseling

## What Is It?

Planned, organized, face-to-face service with addiction professionals and other clinicians to provide counseling intervention to the AMHH member or significant other(s), to works toward the recipient’s recovery goals identified in the IICP.
