RE: U.S. Department of Health and Human Services Office of Inspector General Requirement

Office of Inspector General (OIG) has the authority to exclude individuals and entities from Federally funded health care programs for a variety of reasons, including a conviction for Medicare or Medicaid fraud. Those that are excluded can receive no payment from Federal health care programs for any items or services they furnish, order, or prescribe.

Effective August 28, 2023, in order to maintain compliance with OIG as a Medicaid-funded program, all Child Mental Health Wraparound (CMHW) Providers must search their name on the OIG Exclusions Database and submit the results to the DMHA upon initial application and with each reauthorization. Instructions for searching on the OIG Exclusions Database and how to print results can be found at: <https://exclusions.oig.hhs.gov/>.

Provider authorization/reauthorization will be denied if this documentation is not included.
