

# IN EI Hub

## Fact Sheet for Families

To provide better communication and services for families, First Steps has been working to update how service coordinators and providers will collect and manage your child and family information. We are excited to introduce the new Indiana Early Intervention Hub!

### **Quick facts about IN EI Hub:**

- 'Go live' begins March 8, 2021
- All child and family early intervention information will be gathered and stored securely in IN EI Hub
- Providers will create visit notes in the system and ask you to sign them electronically
- Providers may ask to use your WiFi during their visit. This is up to you and will not affect your child's early intervention services in any way
- All information will be in one place, which will support the Individualized Family Service Plan team collaboration and communication

We look forward to sharing our new system with you and providing improved services to the infants and toddlers in our program.

For questions about IN EI Hub, please call 877-522-1065, Monday - Friday, 8 a.m. – 5 p.m. Eastern Time
