

Inactive Voluntary Request Document

If a program experiences a planned or unplanned event that is anticipated to last longer than 30 days and that will prevent their active participation in Paths to QUALITY™, the program may submit a written request for inactive status to OECOSL. The request should detail the conditions necessitating the inactive status and the time needed. If the program's annual rating date occurs while their status is inactive, a rating request will be made within 14 calendar days after the program returns to active status.
