**2023 Vaccines for Children (VFC) Eligibility Guide**

Indiana Department of Health- Immunization Division

<p>Indiana Family Services (FSSA) offers several different programs and services under the Indiana Health Coverage Programs (IHCP). Each IHCP member is issued a number referred to as the Member ID assigned by FSSA Division of Family Resources (DFR). The type of card received depends on the IHCP program in which the member is enrolled. Providers are required to verify member eligibility on the date of service via the Provider Healthcare portal. Providers that fail to verify eligibility are at risk of claims being denied due to membership ineligibility or coverage limitations.</p>			<p>Viewing a member ID card alone does not ensure member eligibility.</p> <ul style="list-style-type: none"> <li>• Hoosier Health Cards are issued by FSSA DFR.</li> <li>• Hoosier Care Connect members receive member ID cards from their individual Managed Care Entities (MCEs): Anthem or MHS</li> <li>• Hoosier Healthwise members receive member ID cards from their individual MCEs: Anthem, CareSource, MHS, and MDwise.</li> <li>• Package A (Medicaid) is not listed on the card and can only be determined via the Provider Healthcare Portal.</li> </ul>

**Other considerations for patients that are under 19 years old:**

Child's Insurance Status	VFC Eligible?	VFC Eligibility Category
Has private health insurance plan with Medicaid as secondary insurance	Yes	Medicaid
Has health insurance covering all vaccines, but has not yet met plan's deductible or paid for other services received at visit AND has Medicaid as secondary insurance	Yes	Medicaid
Has private health insurance that covers all vaccinations and is American Indian/ Alaskan Native (AI/AN)	Yes	AI/AN. However, provider should choose the eligibility category most cost-effective for the child and family.
Has Medicaid and is an American Indian/ Alaskan Native (AI/AN)	Yes	Medicaid or AI/AN. Provider should use Medicaid for the administration fee because this provides the least out-of-pocket expense for the family
Has insurance plan that does not cover all ACIP recommended vaccines	Yes	Underinsured. Child can only receive vaccines not covered by insurance plan.
Has health insurance covering all vaccines, but has not yet the plan's deductible or paid for other services received at visit	No	Insured. This applies even when the primary insurer would deny reimbursement for the cost of the vaccine and its administration because the plan's deductible has not been met.
Has health insurance covering all vaccines, but the plan has a fixed dollar limit or cap on amount it will cover	Depends	NO - Insured until the fixed dollar limit is met YES - Underinsured after the fixed dollar limit is reached
