# QUIT NOW INDIANA

# Quit Now Indiana Electronic Health Record (EHR) Integration

*Health Systems Change & Electronic Referral (e-Referral) allow clinicians to address tobacco treatment consistently and effectively.*

**Integration/Health System Change can make a difference in performance measures by:**

- Increasing referral numbers
- Increasing number of staff trained on QNI
- Increasing number of staff who Ask, Advise, Refer
- Meeting accreditation standards
- Making QNI referrals convenient and easy
- Increasing patient tracking efficiency
- Encouraging continuity of care

## Electronic Health Record
