1 CHAIRMAN THOMPSON: It is 1:30 in the afternoon here on December the 11th. I'm Milt 2 3 Thompson. I'm the Chair of the Gaming 4 Commission, and want to move along with calling 5 this meeting to order, welcoming all of you on 6 behalf of the Gaming Commission. Thank you for 7 your participation. 8 In the manner of transparency, we want to make sure that we have a full quorum here today, 9 so I'm going to ask if Executive Director Small 10 11 will read the roll for the commissioners. 12 EXECUTIVE DIRECTOR SMALL: Thank you. 13 Chairman Thompson. 14 CHAIRMAN THOMPSON: Yes, I'm here. EXECUTIVE DIRECTOR SMALL: Secretary Dudich. 15 16 COMMISSIONER DUDICH: I'm here. 17 EXECUTIVE DIRECTOR SMALL: Commissioner 18 Cohen. 19 COMMISSIONER COHEN: Present. 20 EXECUTIVE DIRECTOR SMALL: Commissioner 21 Williams. 22 COMMISSIONER WILLIAMS: Here. 23 EXECUTIVE DIRECTOR SMALL: Via telephone, Vice Chair Fine. 24

COMMISSIONER FINE: Here.

25

EXECUTIVE DIRECTOR SMALL: Commissioner Housman.

COMMISSIONER HOUSMAN: Here.

EXECUTIVE DIRECTOR SMALL: Commissioner Hill.

We have a quorum.

CHAIRMAN THOMPSON: Thank you. We have a quorum.

Now I'd like to call for approval of the minutes of our September 15, '23. It was a nice warm day in southern Indiana that day, a little warmer than it is here today. But we took advantage of that and had, I think, a rousing good meeting, good conversation and learned a little bit about our rules process that day and -- and want to appreciate -- we do appreciate staff for taking the individual time in preparation for these meetings.

We will have a presentation toward the end of this meeting as we'll dig into our financial unit and for a presentation about that.

It's been very helpful to me and the other commissioners, they even said it's helpful to them as well. So you're not only being remedial with me, you're helping them out as well.

1 So I want to consider the approval of the 2 minutes of the meeting of September 15, 1923 --3 1923. 4 (Laughter) 5 I'm beginning to show my age for sure, but 6 that's okay. It's still 2023 when we had that 7 meeting. Are there any -- any additions or 8 9 corrections to those minutes? Well, if not, we'll accept a motion for 10 11 their passage. COMMISSIONER WILLIAMS: I'll make that 12 13 motion to approve as written. 14 CHAIRMAN THOMPSON: There's a motion. 15 And is there a second? 16 COMMISSIONER DUDICH: Second. 17 CHAIRMAN THOMPSON: Any discussion? 18 There's a motion and a second, no 19 discussion. All those in favor of the motion to accept 20 21 the minutes of the September 15th meeting, please 22 signify by stating aye. 23 (Chorus of ayes.) 24 And -- I'm sorry. And contrary, the same

25

sign.

The motion passes.

Now we'd like to have the report of our Executive Director, Greg Small, give us an update report.

Getting too much feedback. Am I too close to the microphone? I've never been accused of not being able to use the microphone. Okay. All right. All right. I'll back off a little bit.

EXECUTIVE DIRECTOR SMALL: Thank you, Mr. Chair.

We'll first start with our new hires. If we could have Briana Page, can you please stand.

Briana is our sports wagering operations
manager. Briana was born in New Orleans and
raised in Indianapolis. She is currently a
graduate student attending IUPUI. She's working
towards a master's degree in Sports Public
Relations. She earned a Bachelor of Science
degree in Tourism, Event and Management at IUPUI.
She also earned a certification in Business
Foundations from the Kelley School of Business.
Briana previously worked for the Indianapolis
Business Journal as a customer experience
manager.

Welcome aboard.

Next up, Christina Candia, if you could please stand. Christina was hired as the investigations coordinator in the fall of 2023. She has a Bachelor's of Psychology from Sweet Briar College in Virginia, and comes to the IGC after serving in Boone County's Community Corrections and Probation Department for approximately 16 years.

Welcome aboard.

Next we'll welcome our 19 new gaming enforcement agents.

At Belterra, we have James Shelton.

At Caesars Southern Indiana, we have Bryson Chumley, Ryan Hutchinson, Rabi Joseph, McKinzie Laswell, Jacklyn Shofner.

At French Lick, Travis Coryea and Donald Sieg.

At Horseshoe Indianapolis, Michael David, James Deaton, Todd Durnil, Isaac Washington.

And at Harrah's Hoosier Park, Norman Tate and Fernando Velez.

At Terre Haute Casino we have Max Fischer, Stephen Jacobs, Andrew McEyea, Brad Nuetzman, Brian Petree.

And I'd like to take this opportunity,

222324

25

Commissioners, this was a large class to fill, and recruiting for law enforcement officers, this is a challenging time, and to get 19 is really fantastic and we're very thrilled about that.

And that was through the leadership of our Superintendent Rob Townsend, our Deputy Superintendent Dan Hirst, and I'd like to give special recognition to Assistant Director Brock Pilgrim and our Human Resource Director Carmen Steadham. They all did a fantastic job, put in a ton of effort, and we're very, very pleased to have a full class.

For reinvestigations, our investigations division has completed reinvestigations for the following licensees: Betfair Interactive doing business as FanDuel; SBTech Malta Limited; Patriot Gaming; Crown Indiana Gaming doing business as DraftKings.

These confidential reports are in your materials, Commissioners. Directors Brown and Leek are present should you have any questions.

On exclusions, since the September 2023 business meeting, Commission staff has added 11 individuals to the exclusion list. With these additions, the total is now 1,021 individuals on

the exclusion list.

Waivers. The IGC has also granted 21 additional waivers to Indiana casinos since the previous meeting.

This information is included in your materials and will also be posted on the Commission's website.

That concludes my report.

CHAIRMAN THOMPSON: Thank you, Mr. Director.

Will all those who are going to be presenting today please stand and have an oath administered to you by our Executive Director, Greg Small.

EXECUTIVE DIRECTOR SMALL: If you'd please raise your right hand, I, state your name, do hereby solemnly swear, subject to the penalties of perjury to tell the truth, the whole truth, and nothing but the truth so help me God.

Thank you.

CHAIRMAN THOMPSON: Thank you all. Thank you, Mr. Director.

I'm now going to call from the Commissioners any old business, any old business?

Hearing none, we'll move on to any new business, any new business before the Commission?

1 | 2 |

Hearing none, we'll move on to the rules, Mr. Neal.

EXECUTIVE DIRECTOR SMALL: And I would like to note that Commissioner Hill is now participating via telephone.

CHAIRMAN THOMPSON: We have a full house.

Half house, half in the house, the other half out of the house. We're all here.

MR. NEAL: Good afternoon, Commissioners, executive staff. I would like to bring to your attention -- bring your attention to the resolution involving the readoption of administrative rules.

Resolution 2023-162 concerns the readoption of the administrative rules that are set to expire on January 1st of 2024. Readopted rules take effect at least 30 days after the date that the rules are accepted for filing, and so, therefore, these rules were required to be readopted before December 1st of 2023.

Due to the difference in time between that date and today's meeting date, it was necessary for Executive Director Small to issue Order 2023-161 under Resolution 2012-151.

Currently, administrative rules adopted

under Indiana Code Chapter 4-22-2 expire on

January 1st of the seventh year after the year in
which the rule takes effect unless the rule is
readopted. That's changing to five now with
the -- with the updated code.

But Commission staff began the readoption process by filing with the Indiana Register a notice of the proposed readoption, including a 30-day public comment period as required by Indiana Code 4-22-2.6-5. No comments were received during that period about the proposed readoption, and, accordingly, Resolution 2023-162, if approved, will ratify Order 2023-161 readopting the sections identified in the notice of intent without any changes or edits.

CHAIRMAN THOMPSON: All Commissioners have been advised of the readoption of the rules and the resolution.

Any questions of Mr. Neal?

Is there a motion on Resolution 2023-162?

COMMISSIONER DUDICH: So moved,

Mr. Chairman.

CHAIRMAN THOMPSON: Is there a second?

COMMISSIONER COHEN: Second.

CHAIRMAN THOMPSON: Any discussion?

Hearing none, I'll call for the vote.

All those in favor of the motion, Resolution 2023-162, signify by stating aye.

(Chorus of ayes.)

Opposed, same sign.

The motion carries.

Now, we'll move on to license renewals.

Again, Counsel Chris Neal, will you please

present Orders 2023-163 through 171.

MR. NEAL: And now you have before you Order 2023-163. Pursuant to Indiana Code Section 4-33-7-8 and 68 Indiana Administrative Code Section 2-2-8, a supplier's license must be renewed each year along with payment of a \$7,500 renewal fee.

Each of the following licensees has submitted a timely request for renewal, along with the required payment. That would be Aristocrat Technologies, Incorporated, American Gaming Systems, LLC, SBTech Malta Limited, United Tote Gaming Services, LLC, JCM American Corporation, and American Gaming & Electronics, Incorporated.

Approving Order 2023-163 would have the effect of renewing the license of each of the

respective licensees for a period of one year.

Thank you.

And next on the agenda you have before you Orders 2023-164, 2023-165, 2023-166, 2023-167 and 2023-168 regarding renewals of Belterra, CSI Operating Company, LLC, doing business as Caesars Southern Indiana, Aztar Indiana Gaming Company, LLC, doing business as Bally's Evansville, Indiana Gaming Company, LLC, doing business as Hollywood, and CDITH, LLC, doing business as Terre Haute Casino for the casino owner's license renewals respectively.

Belterra, Caesars Southern Indiana, Bally's Evansville, Hollywood and Terre Haute Casino have all filed the proper paperwork and paid their renewal fee.

Previously by Orders 2022-134, 2022-193, 2022-194, 2022-195 and 2023-111, the Commission had approved the written power of attorney for Belterra, Caesars Southern Indiana, Bally's Evansville, Hollywood and Terre Haute respectively.

These approvals expire upon the renewal of the casino owner's license, and for that reason, all casinos must request renewal of the

Commission's approval of the written power of attorney concurrently with the request for renewal or present at the Commission meeting with their intent to change their power of attorney.

And so Belterra, Caesars Southern Indiana, Bally's Evansville, Hollywood and Terre Haute have all stated their intent to maintain their existing trustees-in-waiting and have not presented the Commission with any modifications to their power of attorney.

Approving Orders 2023-164, 2023-165, 2023-166, 2023-167 and 2023-168 would have the effect of renewing the license and approving the power of attorneys -- powers of attorney for Belterra, Caesars Southern Indiana, Bally's Evansville, Hollywood and Terre Haute for a period of one year.

And then next you have before you Order 2023-169. Pursuant to Indiana Code Section 4-38-8-1, a certificate of authority must be renewed each year along with the payment of a \$50,000 renewal fee.

The following certificate holder has submitted a timely request for renewal, along with the required payment. That would be Gaming

Entertainment (Indiana), LLC, doing business as Rising Star.

Approving Order 2023-169 would have the effect of renewing the certificate of the respective licensee for a period of one year.

And then next you have before you Order 2023-170. Pursuant to Indiana Code Section 4-38-6-6, a vendor's license must be renewed each year along with the payment of also a \$50,000 renewal fee.

The following licensees have submitted a timely request for renewal along with that payment. That would be American Wagering doing business as Caesars Sportsbook for Horseshoe Hammond; American Wagering doing business as Caesars Sportsbook for Caesars Southern Indiana; and Bally's Interactive doing business as Bally Bet.

Approving Order 2023-170 would have the effect of renewing the license of each of those respective licensees for a period of one year.

And then, finally, you have before you Order 2023-171. Pursuant to Indiana Code Section 4-33-24-15 and 68 IAC 26-3-10, a paid fantasy sports operator license needs to be renewed each

1 year along with the payment of the \$5,000 renewal 2 fee. 3 The following licensee has submitted a 4 timely request for renewal along with that 5 required payment. That would be Yahoo Fantasy 6 Sports, LLC. 7 Approving Order 2023-171 would have the 8 effect of renewing that paid fantasy sports 9 operator license for a period of one year. 10 Thank you. 11 CHAIRMAN THOMPSON: A long list of renewals. 12 Any questions for Mr. Neal on those, Commissioners? 13 Therefore, I'll see if there's a motion on 14 15 Orders 2023-163 through 2023-171. Is there a 16 motion? 17 COMMISSIONER WILLIAMS: I'll make that 18 motion to approve. 19 CHAIRMAN THOMPSON: Is there a second? 20 COMMISSIONER COHEN: Second. 21 CHAIRMAN THOMPSON: Motion and a second. 22 Any discussion? 23 Hearing no, we'll call for the vote. 24 All those in favor of the motion, signify by

25

stating aye.

(Chorus of ayes.)

2

Opposing sign.

3

Aye, got the ayes, out of habit.

4

And the motion carries.

5

Thank you, Mr. Neal.

6 7

On time for some disciplinary actions, and our Director of Compliance, Angela Bunton, will now present the disciplinary actions, Orders

Relevant details for each settlement agreement have been provided in your meeting materials. Each settlement agreement will be --will also be available on the Commission's website following the meeting.

Mr. Chair, this concludes my presentation.

CHAIRMAN THOMPSON: Thank you, Ms. Bunton.

Commissioners, you have heard the exhaustive

1 disciplinary actions that we've had. 2 Are there any questions of Ms. Bunton while 3 she's here? 4 Hearing none, is there a motion on Orders 5 2023-172 through 2023-190? Is there a motion? COMMISSIONER DUDICH: So moved. 6 7 CHAIRMAN THOMPSON: There's a motion. Is 8 there a second? 9 COMMISSIONER COHEN: Second. 10 CHAIRMAN THOMPSON: Motion and a second. 11 Any discussion? 12 All those in favor of the motion, signify by 13 stating aye, please. 14 (Chorus of ayes.) 15 Contrary, same sign. 16 Hearing none, the motion passes. 17 Thank you, Ms. Bunton. 18 MS. BUNTON: Thank you. 19 CHAIRMAN THOMPSON: Move on to our 20 occupational licenses. Ms. Violi. 21 MS. VIOLI: Good afternoon, Commissioners. 22 You have before you Order 2023-191 23 concerning the felony waiver application of Patrick Delle Grazie. An individual who has been 24 25 convicted of a felony may not be granted an

occupational license; however, an applicant who has been convicted of a felony can request a waiver if he establishes by clear and convincing evidence that he has been rehabilitated.

Mr. Delle Grazie provided testimony about his rehabilitation, demonstrated ownership of past mistakes, demonstrated that these were isolated incidents in his past, and showed that he successfully completed probation.

Detailed information regarding this order is contained in your confidential Commission materials.

Adopting staff's findings and recommendations would have the effect of granting Mr. Delle Grazie's felony waiver application.

CHAIRMAN THOMPSON: Commissioners, you've been advised about the felony waiver and the granting of such. Would it be your pleasure and is there a motion on Order 2023-191?

COMMISSIONER DUDICH: So moved.

COMMISSIONER WILLIAMS: I'll second that.

CHAIRMAN THOMPSON: There's a motion and a second.

Any discussion?

All those in favor of the motion, signify by

1 stating

stating aye, please.

(Chorus of ayes.)

Any contrary votes, same sign.

Hearing none, the motion carries.

You want to continue on with disciplinary actions, Mr. Violi.

MS. VIOLI: Yes. You have before you Orders 2023-192 through 2023-196 concerning applications for an occupational license to work for Indiana licensees.

With regard to these orders, applicants failed to disclose their complete criminal history and/or had a felony conviction and therefore failed to meet the established standards for licensure. The applicants were given an opportunity to withdraw their applications from consideration, but failed to do so.

Detailed information regarding these orders is contained in your confidential Commission materials.

And approving Orders 2023-192 through 2023-196 would have the effect of denying these applications.

CHAIRMAN THOMPSON: Is there a motion on

1 Orders 2023-192 through 2023-196? 2 COMMISSIONER DUDICH: So moved, 3 Mr. Chairman. 4 CHAIRMAN THOMPSON: Do we have a second? 5 COMMISSIONER COHEN: Second. CHAIRMAN THOMPSON: We have a motion and a 6 7 second. Is there any discussion? 8 9 Hearing none, all those in favor of the motion on Orders 2023-192 through 2023-196 10 11 signify by stating aye. 12 (Chorus of ayes.) 13 All those -- all those opposed, same sign. 14 The motion carries. Continue. 15 16 MS. VIOLI: Next you have before you Orders 2023-197 through 2023-199. These orders concern 17 18 settlement agreements between Commission staff 19 and occupational licensees. 20 In lieu of disciplinary action, Commission staff have offered each of these licensees a 21 22 settlement agreement that would have them agree 23 to an unpaid, voluntary relinquishment of their 24 occupational license for a period of regularly

scheduled working days, with no vacation or other

25

1 paid time off to be used. Each of these licensees has agreed to the 2 3 terms of the settlement agreement. 4 The detailed information regarding each of 5 these matters is contained in the confidential 6 materials that have been provided to you. 7 Approving 2023-197 through 2023-199 would have the effect of ratifying the agreements with 8 9 the occupational licensees. 10 CHAIRMAN THOMPSON: Commissioners, you have 11 all been apprised of the disciplinary actions. 12 Is there a motion on Orders 2023-197 through 2023-199? 13 14 COMMISSIONER WILLIAMS: I'll so move. 15 CHAIRMAN THOMPSON: Is there a second? 16 COMMISSIONER COHEN: Second. 17 CHAIRMAN THOMPSON: There's a motion and a 18 second. 19 Any discussion? 20 All those in favor of the motion, signify by 21 stating aye. 22 (Chorus of ayes.) 23 All those opposed, same sign. 24 I got to wait for my distance -- my distance 25 learning is lacking here today.

1 (Laughter)

Help me improve that.

But, anyway, hearing no objections, all -- the motion carries.

Thank you, Ms. Violi.

MS. VIOLI: Thank you.

CHAIRMAN THOMPSON: Going to call on our Deputy General Counsel, Alex Dudley, now to present an order on a transfer of ownership.

MR. DUDLEY: Good afternoon, Commissioners. Order 2023-200 involves an ownership transfer request between sports wagering vendor licensee PointsBet Indiana and FBG Enterprises OPCO doing business as Fanatics Sportsbook.

Upon receiving the transfer application, the Commission completed a background and financial investigation, finding that the transferee was suitably compliant with Indiana statutes and regulations and finding no derogatory information that would affect the transferee's suitability.

Approving Order 2023-200 would have the effect of approving the ownership transfer request.

CHAIRMAN THOMPSON: You've heard the ownership request, Commissioners.

Any questions about it?

Then we'll move forward to see if there is a motion on Order 2023-200.

COMMISSIONER COHEN: Move to accept it.

CHAIRMAN THOMPSON: Is there a second?

COMMISSIONER WILLIAMS: I'll second it.

CHAIRMAN THOMPSON: Motion and a second.

Any discussion?

Hearing none, all those in favor of the motion, signify stating aye.

(Chorus of ayes.)

See how quickly I learn distance learning.

The motion carries.

Thank you, Mr. Dudley.

On to some casino matters, Mr. Dudley.

MR. DUDLEY: Commissioners, now you have before you Order 2023-201 concerning a request received from casino licensee Caesars

Entertainment, Incorporated, requesting approval of a proposed financing transaction.

In addition to seeking permission to act on the proposed financing transaction, Caesars has also requested a waiver from -- of 68 IAC's two -- so-called two-meeting requirement in accordance with the Commission's authority

contained in Resolution 2017-109.

The confidential details of the proposed financial transaction, as well as the Commission staff's analysis were provided to the Commissioners in their confidential materials. In accordance with the procedures identified in Resolution 2017-109, Caesars was issued an interim approval for its proposed financing transaction. The interim approval contained the following conditions:

First, the terms articulated in the final financing documentation do not materially differ from the terms that were presented in writing for approval.

Second, the terms of the final documentation do not violate Indiana Code 4-33 or 4-35.

Third, Caesars must provide the Commission with a legal opinion demonstrating compliance with Indiana Code 4-33 and 4-35.

And, finally, Caesars must close on its respective financing transaction by certain dates.

Resolution 2017-109 requires that any interim financing approval that is issued must be reported to the Commission for consideration and

final ratification or other direction.

Thank you.

CHAIRMAN THOMPSON: Spending part of my career as a securities lawyer, I can tell you how much reading there is that goes into that, so I really appreciate the diligence to which our staff has worked hard in making sure these financings, we don't blow by anything, and thank you, Mr. Director, also for making sure that the communication with the Chair and other Commissioners is thorough, so that we are providing our best expertise relative to that.

Any -- any questions?

Approval of the order?

COMMISSIONER DUDICH: So moved.

CHAIRMAN THOMPSON: Second?

COMMISSIONER COHEN: Second.

CHAIRMAN THOMPSON: All those in favor of the motion, signify by stating aye.

(Chorus of ayes.)

And opposed, same sign.

Hearing none, that motion carries.

Thank you so much, Mr. Dudley.

We're going to have some presentations here, and if you'd like to make that introduction,

1 Mr. -- you want to make that introduction? 2 EXECUTIVE DIRECTOR SMALL: I quess I can. 3 CHAIRMAN THOMPSON: It takes no 4 introduction. 5 EXECUTIVE DIRECTOR SMALL: Mr. Chair, this is just a continuation of your previous request 6 7 that you would like our various divisions to give 8 a presentation to the Commission and to the 9 public a little bit about exactly what they do. 10 So today we're going to have Garth Brown, 11 our Director of Background Investigations, and 12 Danielle Leek, our Director of Financial 13 Investigations, and they'll tell you guys a little bit about what they do in investigating 14 our applicants and our occupational licensees. 15 16 CHAIRMAN THOMPSON: Please. 17 MR. BROWN: I can see you're going to test 18 my eyesight considering this isn't directly in 19 front of me. That's poor planning on my part. 20 MS. RESKE: Do you -- Garth, do you want 21 this? 22 No, that's fine. I can wing it. 23 CHAIRMAN THOMPSON: Good to see you, sir. 24 MR. BROWN: You too. 25 MS. RESKE: Not so young anymore, enjoying

1 this.

CHAIRMAN THOMPSON: Can't see me, there you go.

COMMISSIONER DUDICH: You practiced this beforehand, it worked fine, didn't it? Yeah.

MR. BROWN: At least a thousand times.

COMMISSIONER WILLIAMS: Always does.

COMMISSIONER DUDICH: Always does.

CHAIRMAN THOMPSON: Well, we tested hearing. Now we're testing vision. We're getting on down through the senses.

MR. BROWN: Well, good afternoon,

Commissioners, executive staff. Greg kind of
stole my thunder there, but in continuing the
procedures of having the different divisions come
and do a presentation about their roles and
responsibilities for the IGC, I'm here today to
talk to you about the investigations division.

My name is Garth Brown. I'm Director of
Background Investigations for the IGC.

I also have with me Danielle Leek, our
Director of Financial Investigations, who I will
be turning this over to here in a few minutes,
but I'll go ahead and get us started.

And we'll begin at the top with, you know,

the key roles of the division. And that's going to be fairly simple and that's going to be we process the gaming applications whenever they come in. Whenever people are applying for a gaming license, they're going to send in the application to us. Our staff's then going to turn that around in a suitability investigation to compare that to the different statutes and regulations that determine who's eligible for a gaming license, who's not. That's -- the statutes and regulations are really going to be our roadmap as to what we're looking at and what we're comparing things to.

I'll give you a snapshot of our current investigative staff and how our reporting works, our background investigators on the left and our financial investigators on the right. We'll talk a little bit more about what each one of these roles actually does for the division.

And we'll start at the top with the directors. We are managers. We are supervisors. So a lot of that's going to start with, you know, just managing our staff. So we're going to be looking at case -- caseloads, getting assignments out, looking at due dates, timelines, things like

that.

We're also going to review the final reports prior to the finalization, many of those of which you guys even saw today.

We're also going to analyze the incoming gaming entities and as well as individuals to make sure that they're fitting into the correct licensing categories and, for individuals, it's going to be licensed at the appropriate level.

And then Danielle and myself work together to coordinate the overall division responsibilities that we have with our staff.

We're going to coordinate all the gaming entities' three-year reinvestigations, which I know is the highlight of all the licensees. They love that.

And then we're also going to analyze the transfers of ownership, whenever maybe licenses are being moved, equity is being moved around, we're going to take a look at that and make sure that under the transfer of ownership regulations, that people are vetted appropriately.

We are lucky enough to have two support positions for the division: Kimi Martinez, our executive administrator, who I am giving a shout

out to for putting this together because I could not do this and I should not do this, and -- and so then we also have Christina Candia, who was introduced today, our investigations coordinator. We brought her on in the fall.

And their main role is going to be receiving and processing all of these applications. That's going to be all the entities, the individuals, the reinvestigations. And we've got some numbers later on in the presentation to give you an idea of, you know, how many of these that we get over a certain amount of time.

But that's going to be their -- their major contribution to this is receiving these, making sure they're complete, making sure supporting documents are there, making sure payments are made, making sure fingerprints are included, things like that.

They're also going to be our primary administrators of our LAM system, which is our web-based license and application management. It's newly launched. I think Danielle is going to hit a little bit more on that later. And I say newly launched, but it's been over a year now.

But it allows us to track all the licensing, some of our investigative work, as well as allow us to communicate with the licensees within the system and our enforcement agents that are on the property so everything doesn't have to be an email or, even worse, sending documents back and forth. And so they can actually log into the system, make some updates in realtime 24 hours a day.

They're also going to coordinate job description submissions whenever we need to know exactly what some of the positions are doing and how to determine license levels, things like that.

Then we'll move on to the background and financial investigators. As with the other gaming agents, they're vested with full police powers pursuant to Indiana Code. However, we only do suitability investigations. We do not do criminal investigations. Criminal investigations would be housed with either gaming enforcement or gaming control.

Our investigators work in teams, one background, one financial paired to make a team. We get those cases that are being reviewed,

assign them out, and then the background and financial staff investigators will review those applications, supporting documents. Then they compare that to the third-party sources, the investigative sources that we utilize to make sure, number one, what they're submitting has been verified, and, number two, what may have been omitted.

understand is that our investigators bill their time, so they're going to track the time that they spend on these investigations. That then gets forwarded to our controller of the IGC, who then sends an invoice or a bill to the -- to the applicants. It goes -- usually goes to the gaming entity that they're affiliated with for payment. And so the time the investigators are spending on these cases is tracked and reimbursed.

They also write up the final reports for level one occupational and gaming entity investigations.

They're going to conduct investigations on a lot of different types of entities: Casinos, suppliers, sports wagering vendors. They're

going to do transfers of ownership that you saw today, financing transactions that you also saw, and occupational license investigations.

And we'll talk just a little bit more about the different types of investigations. So they're going to do casino owners. The most recent one that I know you're familiar with is the Vigo County one. Our group did the investigative reports for those before the selection was made.

Certificates of authority, which is going to be the clearance the casinos need to have before they can offer sports wagering.

The sports wagering vendors themselves, you see the billboards and the -- and the commercials, so those are going to be the -- the entities that are providing sports wagering to Indiana patrons.

And then suppliers. And suppliers is going to be a little bit broad. That's going to be anybody that -- that could be a slot machine manufacturer, a manufacturer of cards, chips, dice, maybe a surveillance equipment installer, but that's also going to be IT-related equipment.

And so, like, for example, the sports

wagering vendors a lot of times pair up with somebody that provides their sports wagering platform that they utilize for the taking of bets and things like that, and those would be licensed as a supplier.

The investigators are also going to do transfers of ownership, finance packages, gaming entity and occupational license reinvestigations, as well as initial submissions for occupational licenses levels one, two and three.

And we'll dive in a little bit more on that just so you are aware of what that actually means.

Indiana has three occupational license levels. And occupational licenses are going to be those held by individuals. So each individual is going to have their own license they need to renew annually and whatnot. There's going to be a little bit different criteria for each of those investigations due to the license level.

So as an example, a level one, we utilize a lot of that key person definition. It's pretty broad and it covers a lot of that. But as an example, that's going to be your management who's going to either also have access to information

or control the staff that has access to all that information and be able to exercise some judgment and management authority.

So with that, at the casino level, that may be your GM, director of slots, director of table games. That also extends up into the corporate level, which is going to be your CEO, general counsel, CFO, board of directors, things like that.

So we'll drop that down to a level two license -- oops, or we won't. There it is. So -- I'm glad that did go back, Robert.

So -- so with that, we're going to take away a little bit of the management within that. And so for a level two, those are going to be the people that are still going to have access to the patron data, sensitive areas, gaming systems, money.

And so examples here in Indiana for that may be a cage cashier, slot technician, IT roles, things like that.

And we'll move on down to the level three. Level threes are reserved for the casino and corporate licensees only. We don't have those that are suppliers and other sports wagering

vendors. And one of the main reasons for that is those are typically positions that their job duties are primarily on the gaming floor but aren't really gaming specific duties, and so -- and you don't really have that with the suppliers and the -- and the sports wagering vendors. So an example of that might be a cocktail server or a bartender.

So with that, I'm going to go ahead and turn it over to Danielle and she will continue on.

MS. LEEK: Good afternoon, Commissioners and executive staff. As Garth said, I'm Danielle Leek, Director of Financial Investigations.

I'm just going to walk you through briefly how we conduct our investigations and then I'm going to go over some data and numbers to show you what we've been working on the last few years, so.

Conducting investigations for, as Garth said, level ones, that's our highest level of licensure, so they're going to be submitting applications that require really detailed information like their employment history, family, litigation, license history in other jurisdictions. They also have to submit three

years of bank statements and tax returns and other financial documents.

The investigators use third-party sources to verify that information. They send out checks to other police jurisdictions, gaming jurisdictions, contact employers, we reach out to the IRS and any state Department of Revenue where the person may file individual taxes.

This investigation includes a personal interview at the end with the applicant, and then also a final report at the completion.

Level twos and threes are a little bit lower level of license. We have a little bit lower level of investigation.

The investigators review the previous work history, employment, license history and criminal history. The applicants are fingerprinted. They do have to disclose their full criminal history, and they cannot have a felony conviction.

Financial investigators also check the applicants' tax status with Indiana Department of Revenue if it's an Indiana resident. We use Accurint to check for tax issues if the person is out of state.

As Garth mentioned, our gaming entities that

we investigate include the casinos and their parent companies, sports wagering vendors, suppliers, reinvestigations, transfers of ownership.

So to do that, those investigations all contain — those applications all contain different information that they submit. The background investigators compile company data, litigation history. They provide a history of the company, how it was founded. They reach out to other gaming jurisdictions to look for potential license violations, while the financial investigators are analyzing three years of financial statements and tax returns to provide a financial picture of the entity.

Again, the investigators verify information with third-party sources, and a final report is completed on gaming entities, and we review those with the executive staff before we add them to a Commission meeting agenda for your review.

As Garth mentioned, we've recently -- not recently -- two years ago established a new licensing database called LAM. The investigations division really took the lead on creating and implementing that system, and it's

been

been, we think, successful so far.

It was launched in January 2022. It's planned to be fully completed by next summer, all fingers, toes crossed. It houses all of the gaming entity and occupational licensees, their information, their licensees, documents.

This was a huge step for us in continuing our goal to be paperless. So as Garth mentioned, one really great feature of this system is that the gaming entities themselves have access to certain information in the system, where if a licensee needs to update their address or their job title has changed, their license is terminated or they need to renew, the gaming entities can actually do that in the system themselves, and then the system forwards it to IGC for review and approval.

And this has really helped us eliminate a lot of one-page forms that the gaming entities would have to do. So instead of them having to manage our various forms, they can just get into the system, make their changes, they come to our staff, we review and approve the changes, and I think it makes everyone's lives a lot easier, so it's been a really great tool for us.

 So I'm just going to move into some data and numbers to show you guys kind of what we've been -- what we've been working with. We're going to show you about a six-year range on our numbers here.

This first slide shows initial investigations on level ones incoming, so you can see how our lives have changed when sports wagering was implemented in Indiana. Our -- our numbers really just increased, and that's just to do with a lot of new companies coming in, the sports wagering vendors and all their suppliers.

So these are new level ones that we've done each year. And you can see we're starting to level out a little bit, which is great, but, you know, just we've had a few -- busy few years behind us the last couple of years.

Level twos will come up here, and obviously, again, we've had a huge increase in level twos.

We are starting to see that number go down a little bit, which is good for both us and the gaming entities.

In 2021 the IGC released some licensing guidance that gave sports wagering vendors and suppliers more detailed information about who

needs to have a level two license and also granted them a little bit of relief on who needed to submit applications, so that's allowed them to not have to submit quite as many applications.

Our numbers of investigations are still high, we're still very busy, but, you know, it's nice to see that kind of go down a little bit.

And then similarly for level threes, which are only at the casino level, in 2018 the IGC approved a waiver that allowed some level three licenses to be changed to non-gaming. It kind of granted them some relief for positions that maybe didn't necessarily need to have a license. So we're still busy with level threes, but that number has started to go down a little bit as well.

Level one reinvestigations, you guys are familiar with the reinvestigation reports that Greg presents with his Executive Director report. We've had a really busy couple of years. And we anticipate next year will be high too. We already have 19 companies we know that are due for reinvestigation next year, so while our number has gone down a bit, it's going back up.

And then we'll just talk to you a little bit

about the companies that we've been investigating. Suppliers, obviously that number just continues to grow as we have new companies come in to supply the casinos and the sports wagering vendors in our state.

We're averaging about completing four to five new supplier companies a year. You can see in 2021 we actually had seven, so that was a busy year for us, but generally we're getting through that many. We already have four in progress for next -- that'll be completed next year.

Next up is sports wagering vendors. Again, that started in the state in 2019, we had our first group apply, and then we're averaging completing about three to four new sports wagering vendor companies a year. Right now we have two that are in progress, too, for next year.

And then the next slide is just kind of an overview of the rest. Reinvestigations, transfer of ownership, we did the Vigo County applications, a couple of sports wagering service providers. Again, 2021 was a big year for us. That year we actually had 14 transfers of ownership, which is a ton, but it was right

1
 2
 3

coming out of the pandemic, a lot of companies were restructuring, bringing in new investors, so that's started to level out. We do know of already three transfers of ownership that we have on deck we're watching for next year, so.

And then the last is just kind of an overview. Total number of investigations, this is just showing you everything that I've just talked about, sports wagering vendors, suppliers, reinvestigations, levels ones, twos and threes. So you can see, you know, we're -- we've had a couple busy years. We stay busy in the investigations.

And really all credit goes to our admin staff and our investigators. They work really hard to meet deadlines that we establish for them, sometimes deadlines that the gaming entities have requested so we can try to meet their transfer schedule, like the one you looked at today. So, you know, we really have a great team that works together to — to put all this information together, provide you comprehensive, objective reports so you guys can make your decisions at these meetings.

So I hope this has been helpful. If you

have any questions, Garth and I are happy to answer any questions.

CHAIRMAN THOMPSON: It's been very, very helpful. And thank you so much for taking the time in presenting to us.

I just had one question. This work can be tedious, I'm certain. What about training, professional development opportunities, tell us about that, size of the staff, if you will, and are you staffed sufficiently enough.

MS. LEEK: We just -- was it this year or last year? We just brought in another team of investigators last year, so we did have to staff up, so, you know, we realized after trying to get through a couple of years with sports wagering with what we had we weren't staffed, so we had to -- we did bring in a new team. They're fully up to speed, thankfully, and have already started, you know, turning in a lot of good work, so I think we're staffed for now.

MR. BROWN: Yes.

MS. LEEK: If iGaming were to come in, then, you know, all of that would be different and we would have to probably do some more.

We do a lot of training when we hire new

investigators. Garth and I train them on, you know, obviously the investigations and all the third-party sources we use. We do outside training when it's available.

I'm a certified fraud examiner, so I have hours required for that. One of my staff members is as well, so we get continuing education that way and then kind of bring it back and share it with the teams when we learn anything that we think they can use.

Do you have anything to add on that?

MR. BROWN: Yeah, we've had our staff

trained in interviewing, interrogation

techniques, things like that. John E. Reid &

Associates has come in and taught our staff.

They're some of the best at training interviewing techniques, and so we've done that.

We've had some, you know, application reading type training and whatnot. But a lot of it's also, you know, in-house industrial type training as to understanding this. Obviously this is a bit of a specialized industry and so some things don't transfer, or else your skills need to transfer and be applied in a different way.

And so that's what we've tried to do with our staff is try and hire from a lot of different backgrounds so that whenever we work these cases, it's not just you and your partner. It's you and all six -- you know, all six background investigators are at the disposal, all six financial investigators are at the disposal.

So while one person may have, like, a law enforcement background, you know, we have somebody who's from a military, HR type background, and so when we get into, you know, maybe crimes that we need to review that -- while they're on a military base, you know, then you've got somebody else you can go to. You're not pigeonholed to just working there. You've got the entire group.

And Danielle and I really fostered that, that we like having diverse backgrounds, a lot of skills, and make sure that everybody is being utilized whenever there are questions to make sure we're always putting out the best product.

CHAIRMAN THOMPSON: Well, Garth and Danielle, a very thorough job, nice job.

Commissioners, do you have any questions of them?

COMMISSIONER WILLIAMS: I've got one.

CHAIRMAN THOMPSON: Fire away.

COMMISSIONER WILLIAMS: Are any of the investigations random?

MS. LEEK: Well --

MR. BROWN: Are what?

MS. LEEK: Random. We -- every new occupational licensee that comes in and every company, they're -- they're investigated initially when they come in and they're reinvestigated every three years, so if something comes up in between, between that time and the three year, we do -- you know, we have had to open an investigation to look at a certain circumstance if someone comes in and discloses that they've been arrested or --

COMMISSIONER WILLIAMS: If something comes up --

MS. LEEK: If something comes up.

COMMISSIONER WILLIAMS: -- it's not just that -- that you have time to do some random investigations?

MS. LEEK: Right, because we're on that three-year reinvestigation schedule, so generally that's what we do.

MR. BROWN: If we're notified of something specific, we would open an investigation, but licensees are always under a continuing duty to update us about, you know, things that may go on. There are certain things they have to update within so many days.

And so then, you know, most of the time, just because our hands are usually tied with what we're working on on people initially coming in, but we're hopeful that we would catch something like that in the reinvestigation process.

But if we're made aware of something and we get the executive staff, it's like hey, you really need to go look at this, we, of course, will do that.

CHAIRMAN THOMPSON: How's that in coordination with the enforcement staff? You mentioned that you don't conduct criminal investigations, but how's the coordination of that? Do you make referrals back and forth, or how does that operate?

MR. BROWN: Yeah. If something comes up, you know, on their end because they have had cases where they're working on a criminal investigation on somebody and, believe it or not,

some of those people try and get a gaming license and so, you know, they may refer names to us and be like, hey, if you have an application on this individual coming in, we've got something going on them, so just hold tight on that, or vice versa where we're, you know, trying to work on a license -- or suitability investigation and we see that, you know, local police may have had like a gaming charge, you know, may have put against the person, and so then, you know, if we can try and figure out a little bit, we may coordinate with them because they're going to be so tied in to the local law enforcement, you know, near where they're at, then we'd kind of coordinate with them to, you know, try and get information shared and -- we want to make sure we're not licensing people that maybe shouldn't have one.

MS. LEEK: And the background investigators have access to the -- to the incident reports and cases that the gaming agents write up when they have issues on a casino, so -- and they're -- his background investigators do check that when we're doing investigations to see if the individual has a history of issues, you know, performing their

job at the casino; like, for example, if they
have a bunch of incident reports or certain
issues, then we're aware, we do have access to
that information.

COMMISSIONER COHEN: So are there currently six investigator teams?

MS. LEEK: Yes.

MR. BROWN: Yes.

COMMISSIONER COHEN: So each team is doing over a thousand investigations a year?

MR. BROWN: Probably, including -- including the level twos and threes, because we do get thousands of those.

COMMISSIONER COHEN: Yeah, so that's why each team has a little less than two hours to do an investigation?

MR. BROWN: Well, a lot of the level twos and threes, some of the smaller ones are fairly quick, you know, no criminal histories, no -- no major red flags coming up in work histories, those don't -- those don't last, so, you know, it's kind of an average, yeah.

MS. LEEK: And our level ones, I would say with our current caseloads the way they are now, the teams are probably completing a level one

investigation from start to finish maybe in like six months; used to be shorter when our caseloads were smaller, so. For a little while in 2020 and '21 it was much longer than that.

When we have new gaming entities apply, like a new supplier, our goal is to get them done before the year comes up where they would need to renew that license, so.

So we do give them a window to get those higher level investigations, they have a -- they have a window to get those done. We don't necessarily give them due dates so that they have -- we try not to have to give them due dates, except for reinvestigations, so they have plenty of time to do their -- to do the work and not be rushed.

CHAIRMAN THOMPSON: Garth, Danielle, again, thank you so much.

I'm going to ask a question of our director and/or deputy director. As we are, as a Commission, an allocated agency, if you will, in terms of our budgeting, state budget goes -- money goes directly to the organization and we're not earning our keep, whatever, how are -- how do you allocate between the various divisions of

the -- the office?

EXECUTIVE DIRECTOR SMALL: Well, there are a couple different ways. One, we have civilian staff and that comes out of our allocated budget. We also have enforcement staff, which by statute is reimbursed by our licensees. So Garth and Danielle's division is a reimbursed division of our -- by our licensees because they're required by statute.

CHAIRMAN THOMPSON: Right. Right. Well, thanks. I just want to be sure we have total transparency, is the reason why we're having these kind of presentations. And I know I've learned a lot, and -- as I did the last two or three presentations, so continue the good work and the good job and it gives us for our fiduciary responsibility to do checks and balances on our staff and the good work that you do.

So thank you, as I'll say, and I will trust that you will have a fantastic holiday season with that.

MS. LEEK: Thank you.

MR. BROWN: Thank you.

CHAIRMAN THOMPSON: Any other business

_ _

before the Commission?

Our next Commission date is to be determined. Given the kind of schedules that are going on and trying to coordinate with other state business and state budget and everything that goes on, we'll try to make sure that we have the most amount of information available for the public and we'll continue to do so.

And if there's nothing else, I will bid all of you a happy holiday season and get ready for another new year because we're going to keep on rolling. Thank you so much.

I'm going to adjourn this meeting. Adjourned.
