The preceding statutory and regulatory cites hereinafter are referred to as the “Acts” and “Regulations,” respectively.

Although not applicable to Recipients directly, there are certain Executive Orders and relevant guidance that direct action by Federal agencies regarding their federally assisted programs and activities to which compliance is required by Recipients to ensure Federal agencies carry out their responsibilities. Executive Order 12898 (1995),

entitled “Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations” emphasizes that Federal agencies should use existing laws to achieve Environmental Justice, in particular Title VI, to ensure nondiscrimination against minority populations. Recipients should be aware that certain Title VI matters raise Environmental Justice concerns and FMCSA intends that all Recipients evaluate and revise existing procedures (as appropriate) to address and implement Environmental Justice considerations. See the following FHWA website for more information and facts about Environmental Justice: http://www.fhwa.dot.gov/environment/environmental_justice/index.cfm

Additionally, Executive Order 13166 (2001) on Limited English Proficiency, according to the U.S. Department of Justice in its Policy Guidance Document dated August 16, 2000 (65 Fed. Reg. at 50123), clarifies the responsibilities associated with the “*application of Title VI’s prohibition on national origin discrimination when information is provided only in English to persons with limited English proficiency.*” When receiving Federal funds Recipients are expected to conduct a Four-Factor Analysis to prevent discrimination based on National Origin. (See also U.S. DOT’s “*Policy Guidance Concerning Recipients’ Responsibilities to Limited English Proficient (LEP) Persons,*” dated December 14, 2005, (70 Fed. Reg. at 74087 to 74100); the Guidance is a useful resource when performing a Four-Factor Analysis).

General Assurances

In accordance with the Acts, the Regulations, and other pertinent directives, circulars, policy, memoranda, and/or guidance, the Recipient hereby gives assurance that it will promptly take any measures necessary to ensure that:

“No person in the United States shall, on the grounds of race, color, national origin, sex, age, disability, low-income, or LEP be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity for which the Recipient receives Federal financial assistance from DOT, including the FMCSA.”

The Civil Rights Restoration Act of 1987 clarified the original intent of Congress, with respect to Title VI and other Non-discrimination requirements (The Age Discrimination Act of 1975, and Section 504 of the Rehabilitation Act of 1973) by restoring the broad, institutional-wide scope and coverage of these non-discrimination statutes and requirements to include all programs and activities of the Recipient, so long as any portion of the program is Federally-assisted.

Specific Assurances

More specifically, and without limiting the above general Assurances, the Recipient agrees with and gives the following Assurances with respect to its Federally assisted **FMCSA Program**:

1. The Recipient agrees that each “activity,” “facility,” or “program,” as defined in 49 C.F.R. §§ 21.23 (b) and 21.23 (e) will be (with regard to an “activity”) facilitated, or will be (with regard to a “facility”) operated, or will be (with regard to a “program”) conducted in compliance with all requirements imposed by, or pursuant to the Acts and the Regulations;
2. The Recipient will insert the following notification in all solicitations for bids, Requests For Proposals for work, or material subject to the Acts and the Regulations made in connection with the FMCSA Program and, in adapted form, in all proposals for negotiated agreements regardless of funding source:

*“The **Indiana Department of Transportation**, in accordance with the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252, 42 U.S.C. §§ 2000d to 2000d-4) and the Regulations, hereby notifies all bidders that it will affirmatively ensure that any contract entered into pursuant to this advertisement, all contractors will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of the owner’s race, color, national origin, sex, age, disability, income-level, or LEP in consideration for an award.”;*

3. The Recipient will insert the clauses of Appendix A and E of this Assurance in every contract or agreement subject to the Acts and the Regulations;
4. The Recipient will insert the clauses of Appendix B of this Assurance, as a covenant running with the land, in any deed from the United States effecting or recording a transfer of real property, structures, use, or improvements thereon or interest therein to a Recipient;
5. That where the Recipient receives Federal financial assistance to construct a facility, or part of a facility, the Assurance will extend to the entire facility and facilities operated in connection therewith;
6. That where the Recipient receives Federal financial assistance in the form, or for the acquisition of real property or an interest in real property, the Assurance will extend to rights to space on, over, or under such property;

future deeds, leases, licenses, permits, or similar instruments entered into by the Recipient with other parties:

- a. the period during which the property is used for a purpose for which the Federal financial assistance is extended, or for another purpose involving the provision of similar services or benefits; or
 - b. the period during which the Recipient retains ownership or possession of the property.
9. The Recipient will provide for such methods of administration for the program as are found by the Secretary of Transportation or the official to whom he/she delegates specific authority to give reasonable guarantee that it, other recipients, sub-recipients, sub-grantees, contractors, subcontractors, consultants, transferees, successors in interest, and other participants of Federal financial assistance under such program will comply with all requirements imposed or pursuant to the Acts, the Regulations, and this Assurance.
10. The Recipient agrees that the United States has a right to seek judicial enforcement with regard to any matter arising under the Acts, the Regulations, and this Assurance.

By signing this ASSURANCE, [Name of the recipient] also agrees to comply (and require any sub-recipients, sub-grantees, contractors, successors, transferees, and/or assignees to comply) with all applicable provisions governing the **FMCSA** access to records, accounts, documents, information, facilities, and staff. You must keep records, reports, and submit the material for review upon request to **FMCSA**, or its designee in a timely, complete, and accurate way. Additionally, you must comply with all other reporting, data collection, and evaluation requirements, as prescribed by law or detailed in program guidance.

[Name of Recipient] gives this ASSURANCE in consideration of and for obtaining any Federal grants, loans, contracts, agreements, property, and/or discounts, or other

Federal-aid and Federal financial assistance extended after the date hereof to the recipients by the Department of Transportation under the **FMCSA Program**. This ASSURANCE is binding on [insert State], other recipients, sub-recipients, sub-grantees, contractors, subcontractors and their subcontractors', transferees, successors in interest, and any other participants in the **FMCSA Program**. The person (s) signing below is authorized to sign this ASSURANCE on behalf of the Recipient.

DESCRIPTION OF FEDERAL-AID PROGRAM

ITD Program Synopsis

ITD is a program designed to improve Commercial Motor Vehicle, CMV, screening and improve the efficiency of enforcement programs by standardizing and improving the flow of data to roadside officers and to improve Indiana's ability to screen CMV traffic. Indiana's ITD top level design incorporates several layers.

Core ITD Capabilities

The Core ITD program focused on three program areas. These areas are:

- **Safety Information Exchange** – designed to assure the safety of motor carriers, commercial vehicles, commercial drivers, and cargo through improved data collection and enhanced data sharing (inspection reports, credentials status, etc.). Projects within this area include automated roadside vehicle and driver inspections, and safety information systems that support the real-time sharing of data across agencies and jurisdictions. Certification requirements are to connect to the national Safety and Fitness Electronic Records (SAFER) system through ASPEN to exchange interstate carrier and vehicle safety data among states.
- **Electronic Screening** – designed to facilitate the verification of a commercial vehicle's size, weight, safety, and credentials information. Projects in this area include the use of transponder-based systems to identify commercial motor vehicles while in motion. Vehicles are allowed to bypass an inspection/weigh station as long as they are within size and weight restrictions, have the necessary operating credentials, and are operated by a motor carrier with a history of good safety performance. Certification requirements are to perform electronic screening checks of safety, weight, and credentials at a Weigh Station.
- **Electronic Credentials Administration** – designed to automate the application, processing, and issuance of required commercial motor carrier operating credentials and permits. Projects in this area automate the issuance of International Registration Plan (IRP) and International Fuel Tax Agreement (IFTA) credentials, as well as the processing of IFTA tax payments. They also support the reconciliation of IRP and IFTA fees/taxes that are collected by one jurisdiction on behalf of another jurisdiction using the IRP and IFTA Clearinghouses. Certification requirements are to enhance IRP credentials and IFTA tax payment applications to provide end-to-end electronic processing.

Indiana's Expanded ITD Goals

- **Improve highway safety for motor carriers and the traveling public [CA]**
 - Focus Indiana's limited financial and human resources on non-compliant carriers, vehicles, and drivers
 - Provide State roadside and desk side personnel with the best, most current safety and credentialing information possible
 - Implement Truck Parking Information Management System at additional rest stop areas and welcome centers for mandatory down time of truckers.

Beneficiaries: State, motor carrier and general public

- **Enhance information sharing capabilities of ITD-related systems and promote interoperability [IE] 360SmartView- implemented 2016**
 - Implement intrastate carrier information exchange from MCSD through HELP, Inc. and 360SmartView to CVED officers at roadside.
 - Implement a single sign-on interface to multiple enforcement systems
 - Provides real-time credential and safety data to roadside officers using the single query from almost every credential/safety data source
 - Provides officers access to OS/OW permitting system to view, check, and revoke permits 24/7.
 - Have planned enhancements in

future Beneficiary: State

- **Improve carrier efficiency and enforcement effectiveness through enhanced electronic screening capabilities [SR]**
 - Focus compliance resources on high-risk carriers
 - Use the best, most current data available to make screening decisions at the roadside resulting in shortened fixed and mobile enforcement
 - Reward compliant carriers by offering "bypass" capabilities at weigh stations – PrePass & DriveWyze pre-clearance systems
 - Consistent application of enforcement activities that contribute to an even playing field for Motor Carriers
 - Use Intelligent Transportation System technologies (USDOT camera, LPR, Mainline WIM) to improve enforcement capabilities at fixed scale facilities
 - Use Intelligent Transportation System technologies to improve safety and mobility at high volume interstate work zones
 - Use thermal imaging cameras to make screening decisions at weigh stations for using Performance-Based Brake Testing (PBBT) equipment to inspect truck braking systems

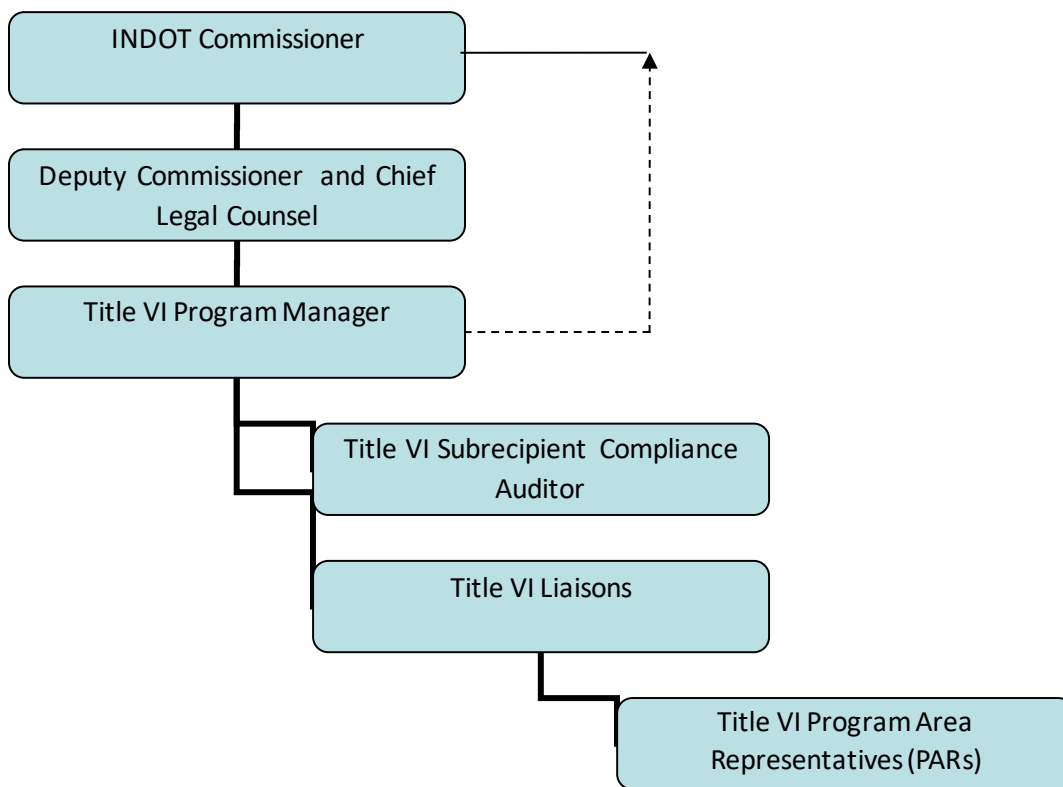

Beneficiaries: State and motor carrier

These goals and objectives continue to provide the framework for commercial vehicle operations within the state of Indiana. At present, INDOT does not intend to sub-award any portion of FMCSA funding. However, if INDOT does sub-award FMCSA funding in the future, all FMCSA Sub-Recipients will be required annually to submit to INDOT for review and approval a Title VI Program Compliance Plan to include a CEO-signed/dated FMCSA Title VI Program Assurance.

It demonstrates how Title VI Program requirements are integrated into INDOT's day-to-day operations and clearly identifies the general responsibilities of key players within the agency. TITLE VI PROGRAM AREA REPRESENTATION

INDOT's Program Area Representation is composed of core members from INDOT's program areas including a program area (or District Office) liaison and as many Program Area Representatives (PARS) as necessary to effectively meet Title VI plan goals and requirements. INDOT's Program Area Representation has a four-part mission:

- To use an interdisciplinary and cross-division workflow approach to ensure compliance with Title VI and related nondiscrimination laws in the implementation of INDOT's programs and activities;
- To remove programmatic and architectural barriers from INDOT's programs and activities in accordance with the relevant nondiscrimination laws;
- To ensure meaningful access to INDOT's services and programs to all individuals regardless of race, color, national origin, sex, sexual orientation, gender identity, age, disability, religion, income level or limited English proficiency.
- To develop, fully integrate and effectively maintain INDOT's Title VI implementation Plans.

Each year INDOT will evaluate whether or not additional program areas should be included in the Title VI Implementation Plan and, if so, who will serve as a liaison and as PARS. INDOT may also eliminate program areas from representation and /or reduce or expand the number of representatives and areas represented to best accomplish agency goals.

DISTRICT AND PROGRAM AREA TITLE VI LIAISON RESPONSIBILITIES:

The responsibilities of the district and PARS include:

- Foster awareness of INDOT'S Title VI program and its requirements by:

- Developing and maintaining division procedures for the collection and analysis of voluntarily-reported statistical data (race, color, national origin, and sex, sexual orientation, gender identity, age, disability, religion, income status or limited English proficiency) of participants in, and beneficiaries of INDOT programs within the program area or district
- Work with PARS to accomplish annual Program Area or District Title VI tasks.
- Participate in an annual agency-wide Title VI Liaison conference and schedule quarterly program area or District Title VI meetings (independently or as part of another area meeting) to establish and accomplish annual Title VI goals, inviting the Program Director to attend each quarterly meeting and ensuring minutes are kept for the same.
- Coordinate with the Program Director to complete an annual Program Area or District discrimination risk assessment that identifies and prioritizes risk areas and formulates mitigation strategies to be included in the Annual Title VI Implementation plan not later than August 30th annually.
- Ensure all aspects of their program area's operation occur in a manner consistent with INDOT's nondiscrimination policies and compliant with Title VI and nondiscrimination laws and regulations.
- Title VI Liaisons should also prepare an annual summary of its Title VI tasks and accomplishments with supporting documentation and submit the same to the Program Director annually by August 30 of each year.

TITLE VI PROGRAM AREA REPRESENTATIVES

- Assist the Title VI Liaison in ensuring all employees in the program area have received Title VI training within the past two years.
- Attend quarterly or other regularly-scheduled program area nondiscrimination meetings as deemed necessary by the liaison. (Nondiscrimination may be an agenda item on meetings that are broader in scope, but copies of the agenda, any meeting minutes, and attendees should be maintained by the PAR or liaison for inclusion in the annual report in evidence of the work accomplished).
- Work with liaisons to accomplish annual Title VI Tasks within the program area.
- If necessary, collect, analyze, and report statistical data (race, color, national origin, sex, sexual orientation, gender identity, age, disability, religion, income status or limited English proficiency) of participants in, and beneficiaries of INDOT programs within the program area or district.

ACCESS TO RECORDS

INDOT will provide to FMCSA during normal business hours upon request any Title VI Program related documentation.

STATUS OF CORRECTIVE ACTIONS

The Federal Transit Administration (FTA) conducted a State Management review of the INDOT, Office of Transit in the fall of 2019. The FTA reviewed 21 areas and found six (6) areas with deficiencies. INDOT addressed all of the deficiencies and submitted revised policies and procedures to the FTA for review and concurrence on January 15, 2020. All of the non-civil rights findings (2 findings) have been closed.

The Civil Rights findings (4 findings) are still under review by the FTA Office of Civil Rights (TCR). INDOT received an email on February 24, 2020 from the FTA stating that “TCR coordinates its review with its specialists in the Civil Rights areas for the entire country. Unfortunately, I cannot give you an estimate as to when the review of those civil rights corrective actions will be completed, but I assure you that if FTA has any questions or will require any further information from your agency, you will be contacted at that time”.

INDOT is confident that it has addressed the Civil Rights deficiencies and we are waiting for the FTA to review and close out the Civil Rights findings.

NONDISCRIMINATION TRAINING

This section of INDOT’s Title VI Program Compliance Plan describes how and when members of INDOT’s own staff as well as subrecipients and others receive Title VI Program Training.

INDOT EMPLOYEE TITLE VI PROGRAM TRAINING

INDOT combines its nondiscrimination and accessibility training into one workshop for INDOT employees. Internal employee training is tiered with Title VI Management, Liaisons, PARS, and the Civil Rights staff receiving the greatest degree of training while other INDOT employees receive training sufficient to comply with Title VI Program requirements.

INDOT University Online Nondiscrimination and Accessibility Training:

INDOT provides live training during its full-day agency onboarding training sessions for all new hires regarding agency nondiscrimination and accessibility policies.

INDOT maintains online training modules that are available for all INDOT staff via INDOT University. District and Division management can schedule the online course to be made available for their staff during a time of year that works best for their program area. Scheduling the course is as simple as providing a list of employee email addresses for each participant. Participants then receive an invitation to take the course. The online course includes an assessment that ensures adequate participation and knowledge retention since it is a self-learning tool

Online training for Current Employees

Given that INDOT's employees are spread across a number of statewide offices with varied work hours, INDOT has developed INDOT University, an online training platform. In 2019 we converted all of our course materials to be made available on demand to all INDOT staff. These courses are ready to record and will be scheduled for recording as soon as our office reopens. Once recorded we will batch schedule every INDOT employee for their required Title VI (and ADA) program training refresher. It was necessary to reduce in person training sessions to shift development toward online training so a reduced amount of in person training occurred in 2019 and was delivered primarily as updates through our Program Area Representatives. Many of our records of in-person training have not yet been scanned for online access and are thus not available to produce at this time due to the extenuating circumstances of the Covid-19 pandemic but will be forwarded as soon as feasible.

All Title VI Liaisons and PARS receive periodic (at least every other year) training targeted at and tailored toward their work area and program requirements. Our INDOT Title VI course explains Title VI Program requirements and covers all related policies and procedures including:

- Nondiscrimination and Accessibility policies
- Complaint Processing
- Limited English Proficiency Requirements, and
- Environmental Justice

SUBRECIPIENT AND STAKEHOLDER TRAINING

Subrecipients and stakeholders receive training from INDOT Title VI Program staff during the following training opportunities each year:

- INDOT- hosted workshops (2019 Summit)
- Workshops as part of a larger conference (IACT, Purdue Road School, MPO Council Events)

INDOT provides audience-specific training to subrecipients. During these workshops INDOT communicates Title VI program requirements and provides technical assistance regarding compliance efforts. INDOT has also developed a subrecipient Toolkit to assist subrecipients with their own compliance efforts. This toolkit is available online at <http://www.in.gov/indot/3591.htm>. Much training occurs through 1:1 coaching on a daily basis as our compliance auditor works directly with subrecipients and provides technical assistance with templates and through guidance directly discussing our toolkit. During this fiscal year our compliance auditor conducted approximately 400 1:1 technical assistance sessions with subrecipients. This 1:1 coaching method is the most effective means to improve subrecipient understanding and to provide training that achieves results in compliance improvement.

In addition, INDOT has created a platform for subrecipients and staff to obtain Title VI Program training online. Our online training program went live January 2020.

COMPLAINT DISPOSITION POLICY

INDOT has a complaint policy for complaints of discrimination related to Title VI and will promptly dispose of complaints of alleged discrimination received by INDOT.

INDOT will promptly investigate all properly submitted complaints of alleged discrimination. INDOT will also attempt to resolve such complaints and take corrective action upon a finding of a substantiated complaint. Within 60 days of receiving a complete complaint, INDOT will submit complaints of alleged discrimination to FMCSA upon request.

COMPLAINT INVESTIGATION PROCEDURES

The Program Manager will make a determination to accept, reject or refer to the appropriate federal/state agency a complaint within ten (10) calendar days of its receipt. Complaints are not considered received until they are submitted to INDOT as complete complaints, both signed and in writing.

INDOT will determine whether the person or entity purportedly engaged in the alleged discriminatory act is an INDOT subrecipient (the legal entity to which INDOT made a sub-award of federal funds and which is accountable to the INDOT for the use of the funds provided). If the complaint does not specifically mention that the alleged discriminatory actor is an INDOT subrecipient, INDOT may presume so in deciding whether to accept the complaint for further processing.

These procedures apply to all complaints filed under Title VI of the Civil Rights Act of 1964 and related Nondiscrimination authorities. These procedures do not affect the right of the Complainant to file formal complaints with other state or federal agencies or to seek private counsel for complaints alleging discrimination. These procedures are part of an administrative process that does not provide for remedies, such as for punitive or compensatory damages for the Complainant.

INDOT will make every effort to facilitate a voluntary early resolution of complaints at the lowest level possible. INDOT may exercise the option of informal resolution at any stage of the process. The Title VI Program Manager will make every effort to pursue a resolution of the complaint.

WHO MAY FILE A COMPLAINT

Any person who believes that he or she has been excluded from participation in, denied the benefits of or otherwise subjected to discrimination under any INDOT service, program or activity whether federally funded or not, based on their race, color, or national origin (and sex, age, disability, low-income, and LEP for complaints for FMCSA) may file a complaint. A complainant's representative may also file a complaint on behalf of such a person.

TIMELINESS OF COMPLAINT

For a complaint against INDOT or a subrecipient to be considered timely, it must be filed within 180 calendar days after the alleged incident has occurred. The file date of a complaint is the earlier of the postmark or the date a signed, written complaint is received by INDOT.

INDOT may determine on a case-by-case basis whether to waive the 180 calendar day time limit for good cause at its discretion. Good cause for a waiver shall include, but is not limited to, the following instances:

Lack of Knowledge

INDOT may waive the time limit in situations where the person on whose behalf the complaint was filed did not know of and could not have reasonably known of the violation during the 180-day time limit. The complainant must file his or her complaint within 60 days of becoming knowledgeable of the violation.

Incapacitation

INDOT may also waive the time limit in situations where the person on whose behalf the complaint was filed was incapacitated because of illness or other incapacitating circumstances. The Complainant must provide independent documentation of the purported incapacitation. The complainant must file his or her complaint within 60 days after the period of incapacity ends.

LOCATION AND AVAILABILITY OF COMPLAINT FORMS

INDOT provides complaint forms online via the INDOT website at <http://www.in.gov/indot/files/External%20Complaint%20Policy%20and%20Form.pdf>.

Additionally, persons may contact the Program Manager to request a copy of the complaint form via email, facsimile or United States mail. The Program Manager provides copies of its complaint form in alternative formats upon request and provides copies of the form in Spanish and other languages as determined by INDOT's LEP plan. Complainants are encouraged, but not required, to use the complaint form when filing a complaint.

HOW TO FILE A COMPLAINT

While a Complainant may preliminarily submit his or her complaint by online form submission, mail, facsimile, or email. However, the Complainant must submit a signed, original copy of the complaint by first-class U. S. Postal Mail to the Title VI Program Manager to officially begin the complaint process. Any person with a disability may request to file his or her complaint using an alternative format. INDOT does not require a Complainant to use the INDOT complaint form when submitting his or her complaint. A copy INDOT's Complaint Form is found at **Exhibit B**.

Direct all complaints of discrimination pursuant to Title VI to:

ELEMENTS OF A COMPLETE COMPLAINT

A complaint must be both written and signed to be complete. Verbal complaints must be reduced to writing and provided to the Complainant for confirmation, review and signature before processing. The complaint form is available for download from the INDOT website at: <http://www.in.gov/indot/files/External%20Complaint%20Policy%20and%20Form.pdf>.

A complaint must include the following information:

- The full name and address of the Complainant;
- The full name and address of the Respondent, which may be the individual, agency, department or program that allegedly discriminated against Complainant; and
- A description of the alleged discriminatory act(s) that violated Title VI (i.e., an act of intentional discrimination or one that has the effect of discriminating on the basis of race, color, or national origin and the date of occurrence.

The following items are not acceptable as a complete complaint unless accompanied by a signed cover letter that specifically requests INDOT take action concerning the allegations:

- Anonymous complaints
- Inquiries seeking advice or information
- Newspaper articles
- Courtesy copies of court pleadings
- Courtesy copies of complaints addressed to other agencies
- Courtesy copies of internal grievances
- Oral complaints

The Program Manager shall notify the Complainant in writing if his or her complaint is incomplete and allot 15 calendar days for the Complainant to respond and provide the supplemental information needed to complete the complaint.

PROCESSING COMPLAINTS

The Program Manager processes all complaints:

- Logging complaints: The Program Manager will note the complaint in the log by sequential case number based on the year, month and order in which INDOT received the complaint. For example, if INDOT received its first complaint on March 4, 2011, the case number would be 2011-03-04.
- Acknowledging receipt: The Program Manager will acknowledge receipt of the complaint and informing the Complainant of the action taken or proposed action to be taken to process the complaint by letter. This acknowledgement letter shall include a restatement of the complaint, brief statement of INDOT's jurisdiction over the subrecipient, and contact information for the investigator assigned to conduct the investigation.
- Respondent Notice: INDOT forwards a notice via certified mail to the Respondent informing them of the allegations, requesting a position statement and providing the name and telephone number of the Title VI Program staff person assigned to investigate the complaint.
- Complainant Notice: INDOT informs the Complainant that he or she has a right: (1) to have a witness or representative present during any interviews and (2) to submit any documentation he or she perceives as relevant to proving the allegations contained in the complaint.

- Opportunity to Respond: INDOT will provide the Respondent a reasonable opportunity to respond to all aspects of the Complainant's allegations.
- Witnesses: INDOT will determine if witnesses will be contacted and interviewed as part of its investigation.
- Additional Information: INDOT may reach out to gather additional information from the parties.
- Letter of Findings: INDOT is responsible for drafting a Letter of Findings (LOF) and mailing the LOF to the FHWA, Respondent and Complainant within 180 calendar days of the date the complaint was received by INDOT. The LOF may include the following:
 - A summary of the written complaint;
 - A brief description of the standard of review/methodology used to investigate the complaint;
 - Findings of fact and an analysis of the evidence gathered. The analysis should address each allegation in the complaint and Respondent's position;
 - A determination, based on the preponderance of evidence presented, of whether the complaint is substantiated or unsubstantiated;
 - Proposed corrective action for substantiated cases.

CONFIDENTIALITY

In accordance with DOT Order 1000.12B, INDOT shall keep all complainants' identities confidential except to the extent necessary for carrying out an investigation. If an investigator determines that it is necessary to disclose the Complainant's identity to the Respondent or a third party, the investigator must first obtain Complainant's written permission. INDOT may refer complaints to the appropriate agency or entity without obtaining permission as referral may be required. INDOT will notify Complainant of the referral at the time the referral is made.

Otherwise, INDOT shall obtain a Complainant's written consent before providing a copy of the complaint to the Respondent or a third party.

The Program Manager shall maintain all records of an investigation in a confidential area for five (5) years after the completion of the investigation.

SUBRECIPIENT COMPLIANCE MONITORING

INDOT has policies in place to monitor its subrecipients for compliance with Title VI Program requirements as required and is putting those policies into practice. Policies currently exist for review of contractors and consultants as well as LPAs, MPOs, and university subrecipients. These policies are specific to each type of subrecipient and represent, in many cases, layers of oversight and/or levels of review.

At present, INDOT does not intend to sub-award any portion of FMCSA funding. However, if INDOT does sub-award FMCSA funding in the future, all FMCSA Sub-Recipients will be required annually to submit to INDOT for review and approval a Title VI Program Compliance Plan to include a CEO-signed/dated FMCSA Title VI Program Assurance.

Objective:

The overall objective of compliance monitoring is to ensure all entities and agencies over which INDOT has Title VI oversight responsibility remain or are brought into compliance with Title VI and other nondiscrimination requirements.

INDOT has historically used on-site compliance reviews as a tool to monitor Title VI Program compliance and discourage discrimination. INDOT conducts compliance reviews to comply with Title VI, to monitor recipient and subrecipient compliance, and to proactively identify and remedy potential and actual violations of the nondiscrimination laws.

TYPES OF SUBRECIPIENT COMPLIANCE MONITORING AND REVIEWS

INDOT tailors its subrecipient monitoring practices to the type of subrecipient and level of review required. Types of subrecipients over whom INDOT has oversight responsibility include:

- Contractors
- Consultants
- Local Public Agencies (LPAs)
- Metropolitan Planning Organizations (MPOs)
- Cities, Towns and Counties
- Universities & Colleges

Levels of subrecipient monitoring may include:

- Certifications of compliance
- Compliance Surveys
- Desk Reviews
- Telephone / Web Interviews
- On-site Reviews

The following sections detail our compliance review levels and procedures for each subrecipient type.

POLICIES AND PROCEDURES FOR CONTRACTOR COMPLIANCE REVIEWS

The Program Manager collects and reviews prequalification certifications from contractors and consultants. These subrecipients may be selected to participate in compliance reviews at INDOT's discretion. The Program Manager will request that the subrecipient under review provide documentation before a scheduled telephone conference or on-site visit. The subrecipient's responses will be reviewed and feedback will be provided during the conference or on-site visit. By using this method, the Program Manager is able to provide a same day verbal preliminary determination of compliance to the subrecipient.

Compliance Review process

1. The Program Manager provides written notice to the contractor of the scheduled compliance review.
2. This notice is mailed at least thirty (30) days before the submission of information is due and includes the due date, address, and required information and/or certifications; and notification to the contractor of its obligation to cooperate by providing records, allowing access to data and making staff, subcontractors and/or witnesses readily available.
3. Any person who fails to respond to a notice of compliance review, including the request for information, within the prescribed deadline shall receive written notification of his or her deficiency status. INDOT will send the Compliance Review Notice of Deficiency via certified mail. The subrecipient then has five (5) calendar days from the date of receipt to respond in writing.
4. Information received from the contractor/consultant is reviewed by INDOT at its offices and a telephone call is scheduled to discuss preliminary deficiencies observed and to request additional information as necessary. An on-site visit may be scheduled at INDOT's discretion.
5. When conducted, the on-site reviews consist of three phases and are conducted by the Director, the Subrecipient Compliance Manager, or other trained and informed INDOT staff.
 - The *first phase* may consist of a meeting with leadership and pertinent personnel. The reviewer may interview pertinent personnel and gather sufficient information to determine the subrecipient's compliance.
 - The reviewer uses the on-site review form to solicit and record information gathered during the on-site interviews. The Contractor's contract with INDOT requires the contractor to monitor its subrecipients and to include the assurances in its subcontracts.
 - During the *second phase* of the on-site compliance review, the reviewer may tour the project site and interview personnel and subrecipients if this is necessary due to the nature of the project or the deficiency.

- In the *third and final phase* of the on-site review, the reviewer may conduct an exit interview with the pertinent personnel to report preliminary findings, conclusions and recommendations.
6. Preliminary Findings – Following the conclusion of the desk review and/or on-site review, the reviewer will provide the contractor with a written report of preliminary findings which may include:
- Documentation of any deficiencies observed; and
 - Directives requiring the contractor to come into compliance within 30 days.

Compliance Plan - Any deficiency which cannot possibly be resolved within 30 days shall be reflected in a compliance plan submitted to INDOT for approval within 30 days and shall include dates by which compliance will be achieved.

Notice of Achievement - In addition, it is the contractor's responsibility to notify INDOT that is has achieved its approved compliance plan goals. Failure to provide such notice may place the contractor or consultant in deficiency status.

Examples of Title VI Deficiencies:

- The contractor's Title VI Coordinator needs Title VI training;
 - Contracts do not contain nondiscrimination assurance language;
 - No method to solicit Disadvantaged Business Enterprises (DBE) and/or businesses with meaningful minority representation; and beyond that, to solicit participation from the broader scope of Title VI protected individuals regardless of race, color, or national origin;
 - No method to provide services to LEP persons
 - No Title VI complaint log;
 - No Title VI complaint and hearing procedure; and
 - No method to monitor race, ethnicity and gender of contractors.
7. Failure to Comply: If the contractor does not voluntarily comply within 30 days of the original notification or by the agreed upon extension of time, INDOT will issue a notice of noncompliance. If the contractor fails to submit appropriate and complete documentation to support its commitment to comply with Title VI, INDOT will issue a noncompliance letter and forward a copy to FHWA. Following the expiration of 30 days, INDOT will either:
- Certify the contractor's compliance, or
 - Issue a notice of noncompliance which may result in withholding payment or suspending or terminating a contract.

Copies of all notices will be provided to FHWA.

LPA SUBRECIPIENT MONITORING PROCEDURES

INDOT's subrecipient monitoring processes for cities, towns, and counties utilizes a tiered approach to ensure compliance. The lowest "tier" on the monitoring program is also the broadest and includes certifications and surveys. The top tier includes on-site compliance reviews and is reserved for a narrow subset of subrecipients selected using risk-based criteria explained below.

The current subrecipient tiered monitoring approach for Indiana communities who are subrecipients of federal funds by INDOT is as follows:

- Information provided to INDOT as part of a survey, update request or other form of outreach;
- Desk reviews of survey responses or applications submitted;
- Certifications of compliance submitted at the time of application;
- Letters of Commitment to resolve deficiencies existing at the time of application;
- Action Plan review and monitoring for deficiency resolution;
- Risk-based on-site compliance reviews

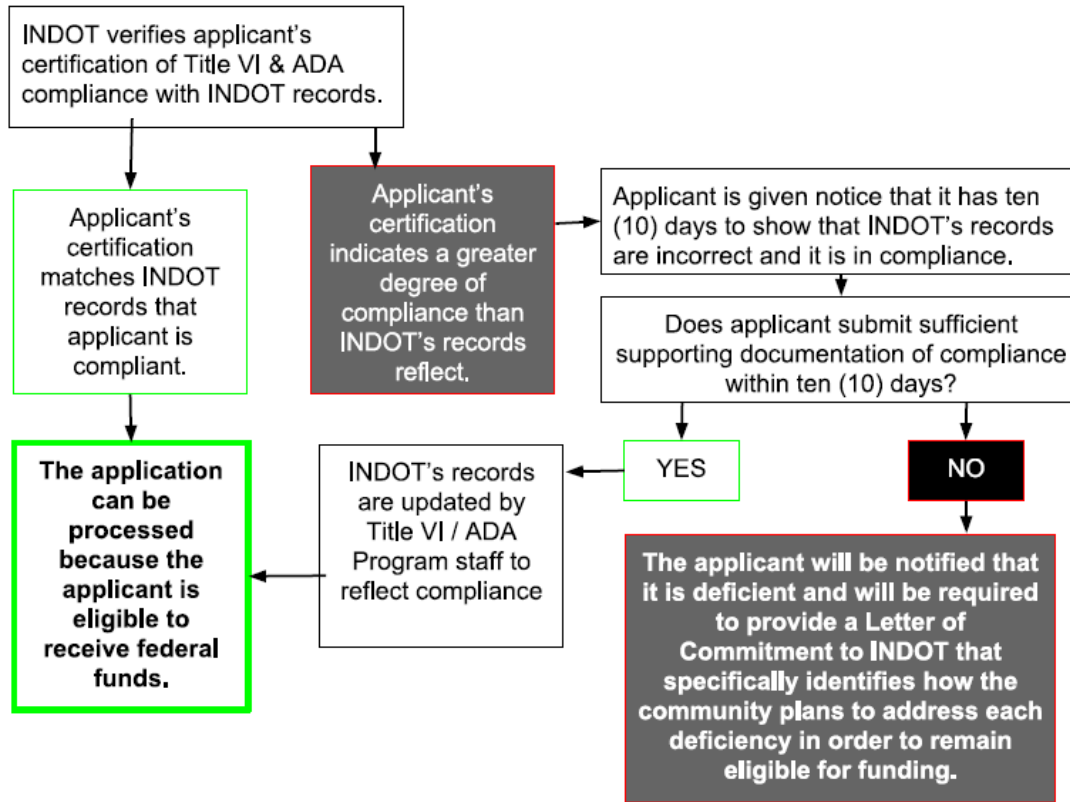

LPA Initial Review Process

For all categories of subrecipients, INDOT will make an effort to communicate clear expectations to potential and current subrecipients at the time of contracting with INDOT about its expectations in terms of compliance. At the time of submitting an application for federal funds, subrecipients are required to certify their compliance with both Title VI requirements and to provide current contact information for both their Title VI Program Coordinators.

INDOT reviews applicants for compliance and periodically reviews information related to all former applicants and subrecipients in its records to ensure subrecipients are maintaining compliance with the federal and state law requirements.

The flowcharts on the following pages illustrate how subrecipient monitoring works for LPAMPO subrecipients. A discussion follows.

APPLICATIONS FOR FUNDING

PRELIMINARY COMPLIANCE NOTIFICATIONS:

- LPAs who submit program documents annually, as required by INDOT, will be notified of their preliminary compliance determination and whether or not they are eligible to apply for federal funds from INDOT without taking further action to address deficiencies.
- LPAs who do not submit documentation to INDOT may not be evaluated for compliance nor provided an opportunity to address deficiencies prior to submitting an application for funding.
- On-site reviews target current subrecipients who are not in compliance:
- On-site reviews may not be necessary; however on-site reviews may be performed during the precertification survey reviews process at the discretion of the Program Manager or upon request of the subrecipient.
- Subrecipients who are already receiving funds from INDOT on one or more projects would likely require ongoing review for all but minor deficiencies.

INDOT is developing a submission and certification portal to make submission easier, however LPAs should continue to provide copies of annual program documents and notify INDOT of changes and updates by submitting their documents to our Subrecipient Compliance Auditor, Devin Gay by e-mail at DGay@indot.in.gov.

LPA PROJECTS AND GRANT APPLICANT COMPLIANCE MONITORING PROCEDURES:

The following process describes how subrecipient monitoring is integrated into the project and grant application process at INDOT:

- 1) Statement of compliance submitted with application:
 - i) At the time of application, applicants certify their compliance with Title VI and identify their coordinators;
 - ii) Certification is cross-checked with INDOT'S most recent reviews;
 - iii) If the applicant indicates a higher level of compliance (i.e. claims to have Title VI plan when our last review or records indicates they do not), the applicant must submit proof that the missing document exists and provide supporting documentation for review by the Title VI program staff.
- 2) Compliance Review period:
 - i) If received, supporting documents are forwarded to the Title VI compliance staff for consideration; and,
 - ii) If acceptable, changes are made to the compliance level indicated in the database.
- 3) A letter from INDOT's Title VI program staff will be sent to the applicant indicating whether or not the evidence has resulted in changes in eligibility for funding. The LPA Division will be copied on this correspondence and noncompliant LPAs will be required to provide letters of commitment addressing their deficiencies or risk being considered ineligible for funding. A sample letter of commitment is included in **Exhibit A**.

POST-AWARD SUBRECIPIENT COMPLIANCE MONITORING

Post-award subrecipient compliance monitoring is focused on ensuring compliance with the assurances of nondiscrimination and is risk-based. A post-award risk-based compliance review may be conducted based upon the following:

- A high-dollar or high-impact project is being undertaken by the LPA. Impacts must be related to race, color, or national origin;
- The LPA has received a complaint of discrimination or INDOT has received a complaint about the LPA; or
- INDOT has other reason to suspect the LPA may not be in compliance with nondiscrimination requirements. This may be based upon the manner of construction of improvements, content present or absent from the LPA's website, responses of the LPA to the annual precertification survey or lack thereof, comments made by the LPA in its official capacity, actions taken that generate concern regarding the level of the LPA's compliance, or other reasonable basis identified by INDOT.

For example, in 2016, INDOT initiated its in-depth "level two" compliance reviews with those subrecipients who are likely to receive funding for sidewalks or pedestrian projects as well as stellar grant recipients.

These projects have a high correlation to Title VI program goals.

1. Notice of compliance review:

- When a post-award compliance review commences, the Title VI program staff will send a notice of compliance review providing the reason for the review and a request for documents to the subrecipient.
- The subrecipient will have thirty (30) days to produce the requested documentation. FHWA's district office will also be notified of the post-award compliance review.
- Any subrecipient who fails to respond to a notice of compliance review, including the request for information, within the prescribed deadline shall receive written notification of his or her deficiency status from the Title VI Program Staff. (see preliminary findings below)

2. Desk review:

Information received from the subrecipient is reviewed in office by the Title VI Program compliance staff and a telephone call is scheduled to discuss preliminary deficiencies observed and to request additional information as necessary.

The following factors will play a role in determining whether or not an on-site review is necessary:

- Deficiencies are directly related to improvements being constructed or maintained by the subrecipient;
- Deficiencies include missing entire program components or are otherwise considered major deficiencies;
- The subrecipient's program coordinator or representative has not been identified and/or does not appear to have the support of the executive leadership of the agency in ensuring program compliance;
- The review is based upon the receipt of a complaint

3. Preliminary Findings:

Following the conclusion of the desk review and/or on-site review, the reviewer shall provide the subrecipient with a written report of preliminary findings which shall:

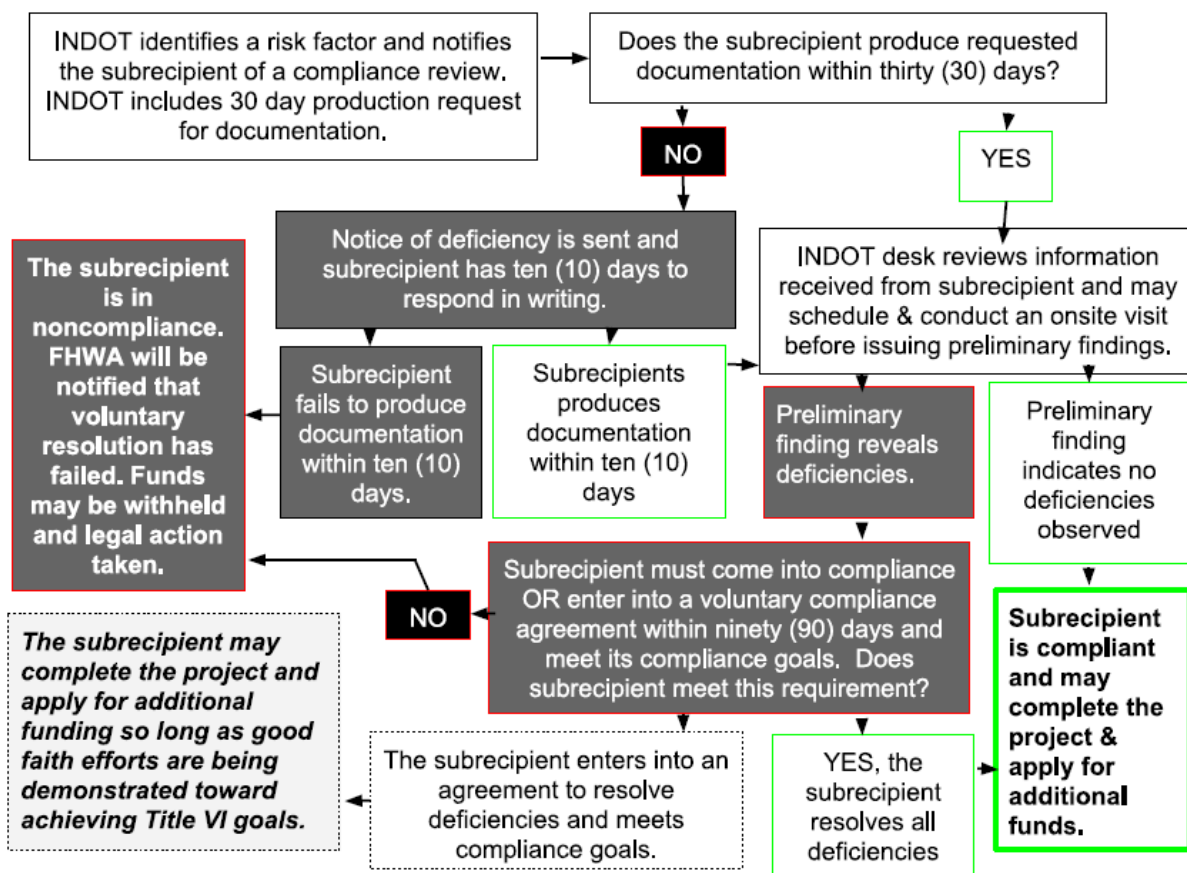

- Document any deficiencies observed and direct the subrecipient to come into compliance within 90 days.
- Require that any deficiency which cannot possibly be resolved within 90 days shall be reflected in a compliance plan submitted to INDOT for approval within the 90 day period and shall include dates by which compliance will be achieved and specific action steps with identified task ownership.
- In addition, it is the subrecipient's responsibility to notify INDOT that it has achieved its approved compliance plan goals. Failure to provide such notice will place the contractor or consultant in deficiency status.
- Failure to Comply: If the subrecipient does not voluntarily comply within 90 days of the original notification, INDOT will issue a Notice of Noncompliance. If the subrecipient fails to submit appropriate and complete documentation to support its

commitment to comply with Title VI, INDOT will issue a noncompliance letter and forward a copy to FHWA and may then take or participate in other legally available action against the subrecipient for failure to comply such as withholding payment on a contract, and/or suspending or terminating the contract.

- Following the expiration of 90 days, INDOT will do any of the following:
 - Certify the current subrecipient compliant and eligible to receive funds;
 - Identify the current subrecipient as deficient but on an approved corrective action plan; or
 - Issue a notice of noncompliance.

Copies of all notices will be provided to FHWA.

LPA / MPO Compliance Reviews

REQUIREMENTS FOR LPA'S DEFICIENCY RESOLUTION:

A subrecipient may become compliant at any time by submitting sufficient documentation to the Subrecipient Compliance Manager for review that demonstrates resolution of their deficiencies; however, INDOT requires time to review the documentation submitted and compliance determinations will not be able to be made in a manner that would improve eligibility at the time of application given the number of applications received and the tight timeframe. As a result, letters of commitment are required to ensure the community is committed to addressing and resolving its deficiencies within a reasonable amount of time and can demonstrate a plan for doing so. (See **Exhibit A**.)

COMMUNITY PARTICIPATION PROCESS

The Indiana Bureau of Motor Vehicles is responsible for conducting motorist licensure and motor vehicle registration activities/services. Therefore, this section is not applicable to INDOT.

LIMITED ENGLISH PROFICIENCY (LEP)

One of INDOT's program goals in implementing and adhering to its Title VI Program obligations is to improve the accessibility of its programs and activities to eligible Limited English Proficiency (LEP) persons, e.g. those persons who have a limited ability to read, write, speak or understand English. This section of INDOT's Title VI Implementation Plan discusses how INDOT reaches populations with Limited English Proficiency. Strategies INDOT uses to meet LEP requirements include:

- An ongoing self-assessment of LEP needs through the use of an LEP Report Form coupled with employee training sufficient to create an effective monitoring program;
- An LEP Analysis; and
- An LEP Plan.

INDOT continues to strive to improve its data collection efforts to better track the actual number of LEP individuals encountered in the delivery of services so that INDOT may continue to evaluate the effectiveness of its LEP plan. Training provided to INDOT employees in person or via the online module contains information about LEP requirements and tools and resources INDOT uses to gather information on an ongoing basis about LEP needs.

INDOT has also aligned itself with the safe harbor provisions pursuant to Federal Transit Administration (FTA) Circular 4702.1B and maintains a separate Title VI Plan addendum specific to the FTA's Title VI Program requirements. The safe harbor provisions implemented by INDOT comply with the following FTA requirement:

- Translations (of vital documents) must be in each LEP language group that is 5% or 1,000 people (whichever is less) of the total population eligible to be served. Providing these translations shows compliance and provides a "safe harbor" for transit providers that receive federal funding. INDOT vital documents are defined in our LEP plan.
- INDOT's LEP information gathering tools include the use of the following:
 - Internal LEP Report Form
 - "I Speak" Cards (**see Exhibit C**)
 - Ability of the public to request language services and translation services as appropriate, including use of a translation request form that will be translated into common secondary languages.
 - Use of demographic information, not limited to but including, census information to determine whether LEP resources and/or alternative advertising measures should be considered as part of public involvement activities.
 - Employee language questionnaires

LEP information is included in INDOT's internal training and customer service staff will track, record, and monitor the number of LEP requests and individuals encountered. For more information on LEP, see INDOT LEP Analysis and LEP Plan.

INTERPRETER, AUXILIARY AIDES AND SERVICES

In 2013, OPI developed a standard operating procedure for processing requests for language services and requests for reasonable accommodations. A copy of the standard operating procedure is available on the INDOT website at <http://www.in.gov/indot/2366.htm>.

OPI also has a policy for responding to requests from the public for documents in Braille, large print, audio recording or accessible electronic format (such as email, CD or any other format that can be accessed with screen reader software.) OPI works with the State of Indiana's Family and Social Services Administration's (FSSA) Division of Aging and Disability to arrange the provision of auxiliary aids and services through their list of providers.

Title VI of the Civil Rights Act of 1964, as amended and its related statutes and regulations (Title VI) prohibit discrimination on the basis of race, color and national origin in connection with programs or activities receiving federal financial assistance from the United States Department of Transportation, Federal Highway Administration and/or Federal Transit Administration. These prohibitions extend to INDOT as a direct recipient of federal financial assistance and to its sub-recipients, consultants, and contractors, whether federally funded or not. INDOT's non-discrimination policy also prohibits discrimination based on age, gender and income status.

Re: Federal Transit Administration (FTA) Fiscal Year 2019 State Management Review – Final Report

Dear Mr. McGuinness:

I am pleased to provide you with a copy of this FTA report as required by 49 U.S.C. Chapter 53 and other federal requirements. The enclosed final report documents the FTA's State Management Review of the Indiana Department of Transportation (INDOT) in Indianapolis, Indiana. Although not an audit, the State Management Review is the FTA's assessment of INDOT's compliance with federal requirements, determined by examining a sample of award management and program implementation practices. The State Management Review is not intended as, nor does it constitute, a comprehensive and final review of compliance with award requirements.

The State Management Review focused on INDOT's compliance in 21 areas. No deficiencies were found with the FTA requirements in 15 areas. Deficiencies were found in six areas: Maintenance, Procurement, Disadvantaged Business Enterprise (DBE), Title VI, Americans with Disabilities Act – General (ADA), and Americans with Disabilities Act – Complementary Paratransit (ADA). INDOT had one repeat deficiency from the 2016 State Management Review in the Maintenance area.

Subsequent to the site visit, INDOT provided corrective action responses to address and close the deficiency noted in the Procurement section of the report that follows. This finding is closed with the issuance of the final report.

Regulations and Guidance

Public Transportation Agency Safety Plan (PTASP) Final Rule

On July 19, 2018, FTA published the PTASP Final Rule. The PTASP Final Rule, which takes effect July 19, 2019, requires all operators of public transportation systems that are recipients and subrecipients of FTA's Urbanized Area Formula Grants to develop safety plans that include the processes and procedures to implement Safety Management Systems (SMS). FTA is deferring applicability of this requirement for operators that only receive funds through FTA's Enhanced Mobility of Seniors and Individuals with Disabilities Formula Program (Section 5310) and/or

Mr. Joe McGuinness
Page 2 of 2

Rural Area Formula Program (Section 5311).

As part of the Annual Certifications and Assurances, transit operators must certify they have a safety plan in place for meeting the requirements of the rule by July 20, 2020. All plans will be reviewed starting October 1, 2021 through FTA's oversight process. For guidance and updates to assist in the preparation and implementation of the PTASP Final Rule, please visit FTA's website at www.transit.dot.gov/PTASP.

Random Drug Testing Rate Increase

On October 17, 2018, FTA published a dear colleague letter "2019 Random Drug Testing Increase". FTA, as mandated by its drug and alcohol regulation for random testing, at 49 C.F.R. 655.45, will increase the minimum rate of random drug testing from 25 percent to 50 percent of covered employees for employers subject to FTA's drug and alcohol regulation, which takes effect January 1, 2019. This increased random drug testing rate results from a recent uptick in the proportion of violations identified through random drug testing.

The 50 percent random drug testing rate will apply to entities receiving Federal assistance under 49 U.S.C. 5307, 5309, 5311 or 5339, including recipients, subrecipients, and safety-sensitive contractors. The required minimum rate for random alcohol testing is unaffected and will remain at 10 percent for calendar year 2019.

Thank you for your cooperation and assistance during this State Management Review. If you need any technical assistance or have any questions, please do not hesitate to contact Ms. Meng-Hui Lai, General Engineer, at (312) 353-3879 or by email at menghui.lai@dot.gov.
